**Emplaced Belief** Jay Johnston, Marion Gibson, Jamie Hampson, Nicola Whyte, 2026-01-01 Emplaced Belief is an innovative interdisciplinary volume that explores the conceptual and lived relations between the academic fields of religion and heritage. The Contributors adopt a wholistic approach to consider emplacement a broad interrelation of objects, peoples, histories and places in the analysis of relations between religion and heritage. To be emplaced is to be situated yet such positioning is the result of multiple conscious and unconscious forces, agencies, discourses and epistemologies. The volume's title refers not only to physical locations of import but also to the role of cultural practices and religious epistemologies in the establishment of religious heritage, the act of emplacement. That is the religious, social, political and cultural practices that denote heritage and the dynamics that revise, reinforce or remove any such attribution. The London Corn Circular, 1945
