

APA 7th Citation Format

Surname, A., & Surname, B. (Year). Title. Journal, Volume. URL.

When you had three to five authors, it was necessary to list them all in APA 6th edition and only then use the "et al." part. Now the newest edition must use "et al." citing when you have three or more than three authors.

No need to include the publisher's location like a city or state after the publisher's name in a reference anymore. It had to be provided in APA 6.

When you had a secondary source citing, there was no need to include the date of your original source. The new addition requires it added.

The words "Retrieved from" or "Accessed from" are no longer necessary before the URL in APA 7.

Business Capital 101 Roberta A. Pellant, Tony Drexel-Smith, 2021-04-26
The purpose of this book is to define the process and protocols of the TASASS score. It also serves as the textbook for the USCGA TASASS certification course. It was written as a manual for students, entrepreneurs, finance professionals, advisors, and consultants. It defines the types of capital available and documentation requirements to achieve success in the capital marketplace. Success is defined as a trifecta of 1) the enterprise acquiring capital, 2) the business becoming successful, and 3) the capital source(s) receiving a positive outcome. *Business Capital 101* provides clarity in an otherwise complicated environment of gaining access to capital for qualified enterprises. Our mission is to provide a compliant, professional, time-sensitive, cost-conscious, and realistic approach to the business finance process. We accomplish this mission by the implementation of a due diligence process known as the TASASS score. The TASASS score was developed as a result of a study of more than 300 enterprises engaged by me since 2008, wherein I was able to determine the more than 300 common attributes amongst successful and failed ventures. The TASASS score is a combination of a Transaction Analysis (TA), a Situation Analysis (SA), implemented in a Software (S) that results in a Score (S). The TASASS score is a standardized, objective due diligence process that serves capital markets during the enterprise vetting phase of capitalization. The software was created based on a 10-year study of 300 applicants. The goal of the proprietary Software as a Service (SaaS) is to identify opportunities that achieve a TASASS score in excess of 92.5%, known as TASASS Prime. TASASS is an acronym for Transaction Analysis, Situation Analysis, Scoring Software. The TASASS score was developed by Tony Drexel Smith through the financial and human capital resources of TASASS Inc. The Association
