### **Typing From Home ,      Hanon Piano / Keyboard Exercises 1 - 30: Condensed and Simplified for Beginners**

**Easy Reading** Martin Woodward,2021-08-09 In this short book you will find condensed and simplified versions of the Hanon piano finger exercises 1 30 as well as the major harmonic minor and melodic minor scales in every key two octaves What is Hanon The Hanon Virtuoso Pianist is a collection of piano finger exercises designed to give equal strength agility and flexibility to all five fingers of both hands Written by Charles Louis Hanon in the 1800s these exercises without doubt have become one of the most widely used techniques by today s pianists In my opinion these are the best finger exercises available One really great thing about these exercises is that they are applicable to both absolute beginners and advanced players alike particularly as the reading ability required is minimal Whatever your ability these exercises will help improve your technique and finger strength So why do I need this book The whole point is to make it easy to read and to reduce page turns less is more In the full version the first 30 exercises take up fifty pages whereas here there are three exercises per page for the first 20 then two per page for the next 10 reducing the fifty pages to just twelve I initially produced this for my own use only but figured that others may like to take advantage of what I ve done Does this mean that the print is just smaller No not at all If you are familiar with these exercises you will know that they are repeated patterns which ascend and descend for two octaves diatonically To condense and simplify them and consequently eliminate an enormous amount of page turns I have shown the all important fingering on the first pattern as per the original then the repeated second pattern then changeover patterns between ascending and descending which are sometimes slightly different then finally the last pattern of each exercise which again is often very slightly different All of the exercises can be heard if required in the pdf version a free link is given at the end of the book      *Ultimate Contemporary Rhythm Keyboard Grooves* Andrew D. Gordon,2013 Catalog Number ADG150 Author Andrew D Gordon Publisher ADG Productions The Ultimate Contemporary Rhythm Keyboard Grooves by Andrew D Gordon is a must have book for any keyboardist who wants to elevate their playing skills to the next level This comprehensive guidebook is packed with 150 contemporary rhythm patterns covering a wide range of genres including jazz blues rock funk and Latin music The book is designed to help keyboard players learn how to develop and create their own grooves by providing them with a solid foundation in rhythm theory and an understanding of how to apply it to their playing The patterns are presented in standard notation and keyboard diagrams making it easy for players of all levels to follow along What sets this book apart is the author s approach to teaching rhythm Andrew D Gordon breaks down each groove into its component parts allowing readers to see how the rhythm is constructed and giving them the tools they need to modify and create their own variations Also there are extended 2 3 minute play a long mp3 files of all 21 grooves that can be accessed from a computer enabling you to practice each groove and pattern for an extended period of time The play a long mp3 files gives you the ability to either practice the rhythm patterns notated in the book in whatever order you prefer as

well as the possibility of creating your own rhythm patterns With this approach players will not only be able to play the patterns in the book but also to use them as a springboard for their own creativity Whether you re a beginner or an advanced player the Ultimate Contemporary Rhythm Keyboard Grooves is a valuable resource that will help you improve your playing skills and develop your own unique style So why wait
