The Interface Between the Written and the Oral ,1993 The Interface Between the Written and the Oral Jack Goody,1987-07-09 The interfacing between oral and literate modes of communication is traced within given societies between cultures without writers and within the linguistic life of an individual "The" Interface Between the Written and the Oral Jack Goody,1988 **Interactions between Orality and Writing in Early Modern Italian Culture** Luca Degl'Innocenti,Brian Richardson,Chiara Sbordoni,2016-03-02 Investigating the interrelationships between orality and writing in elite and popular textual culture in early modern Italy this volume shows how the spoken or sung word on the one hand and manuscript or print on the other hand could have interdependent or complementary roles to play in the creation and circulation of texts The first part of the book centres on performances ranging from realizations of written texts to improvisations or semi improvisations that might draw on written sources and might later be committed to paper Case studies examine the poems sung in the piazza that narrated contemporary warfare commedia dell arte scenarios and the performative representation of the diverse spoken languages of Italy The second group of essays studies the influence of speech on the written word and reveals that as fourteenth century Tuscan became accepted as a literary standard contemporary non standard spoken languages were seen to possess an immediacy that made them an effective resource within certain kinds of written communication The third part considers the roles of orality in the worlds of the learned and of learning The book as a whole demonstrates that the borderline between orality and writing was highly permeable and that the culture of the period with its continued reliance on orality alongside writing was often hybrid in nature **The Interface of Orality and Writing** Annette Weissenrieder,Robert B. Coote,2015-10-13 How did the visual the oral and the written interrelate in antiquity The essays in this collection address the competing and complementary roles of visual media forms of memory oral performance and literacy and popular culture in the ancient Mediterranean world Incorporating both customary and innovative perspectives the essays advance the frontiers of our understanding of the nature of ancient texts as regards audibility and performance the vital importance of the visual in the comprehension of texts and basic concepts of communication particularly the need to account for disjunctive and non reciprocal social relations in communication Thus the contributions show how the investigation of the interface of the oral and written across the spectrum of seeing hearing and writing generates new concepts of media and mediation **The Interface between the Written and the Oral** Jack Goody,1987-07-09 Whilst the fundamental significance of the spoken language for human interaction is widely acknowledged that of writing is less well known and in this wide ranging series of essays Jack Goody examines in depth the complex and often confused relationship between oral and literate modes of communication He considers the interface between the written and the oral in three cultures or societies with and without writing and that within the linguistic life of an individual Specific analyses of the sequence of historical change within writing systems the historic impact of writing upon Eurasian

cultures and the interaction between distinct oral and literate cultures in West Africa precede an extensive concluding examination of contemporary issues in the investigation whether sociological or psychological of literacy A substantial corpus of anthropological historical and linguistic evidence is produced in support of Goody's findings which form a natural complement to his own recently published study of The Logic of Writing and the Organization of Society

Educating People of Faith John H. Van Engen,2004 A much needed addition to the emerging literature on the formative power of religious practices Educating People of Faith creates a vivid portrait of the lived practices that shaped the faith of Jews and Christians in synagogues and churches from antiquity up to the seventeenth century This significant book is the work of Jewish Roman Catholic Orthodox and Protestant scholars who wished to discover and describe how Jews and Christians through history have been formed in religious ways of thinking and acting Rather than focusing solely on either intellectual or social life the authors all use the concept of practices as they attend to the embodied contextual character of religious formation Their studies of religious figures community life and traditional practices such as preaching sacraments and catechesis are colorful detailed and revealing The authors are also careful to cover the nature of religious education across all social levels from the textual formation of highly literate rabbis and monks engaged in Scripture study to the local formation of illiterate medieval Christians for whom the veneration of saints shrines street performances of religious dramas and public preaching by wandering preachers were profoundly formative Educating People of Faith will benefit scholars and teachers desiring a fuller perspective on how lived practices have historically formed people in religious faith It will also be useful to practical theologians and pastors who wish to make the resources of the past available to practitioners in the present Contributors John C Cavadini Anne L Clark Lawrence S Cunningham Joseph Goering Robert Goldenberg Stanley Samuel Harakas Robert M Kingdon Blake Leyerle Michael A Signer Philip M Soergel David C Steinmetz John Van Engen Lee Palmer Wandel Robert Louis Wilken Elliot R Wolfson Journal of the Anthropological Society of Oxford Anthropological Society of Oxford,2000 Journal of Biblical Literature ,1990 The President Shall Nominate Mitchel A.
