## Spanish Literacy Centers:

**Lessons from a Dual Language Bilingual School** Tatyana Kleyn, Victoria Hunt, Alcira Jaar, Rebeca Madrigal, Consuelo Villegas, 2024-08-13 This edited book showcases the successes and challenges of starting and growing a fully bilingual school. Reflecting on the first 10 years of Dos Puentes Elementary School in New York City, it explores the evolution of the school through its four founding pillars: 1. bilingualism, biliteracy, and multiculturalism; 2. families as partners, leaders, and advocates; 3. investigations and hands-on learning; and 4. partnerships with universities, organizations, and the community. The chapter authors include families, teachers, school administrators, and university partners, centering the voices of those directly involved in the school community and highlighting key moments in the life of the school. At the end of each chapter, researcher commentary contextualizes these experiences within the wider literature and discusses implications and next steps for the field of bilingual education. This book will be of interest to pre and in-service teachers and school administrators, particularly those looking to develop bilingual programs in their own context.

## Rethinking Mexican Indigenismo

Stephen E. Lewis, 2018-05-01 Mexico's National Indigenist Institute (INI) was at the vanguard of hemispheric indigenismo from 1951 through the mid 1970s, thanks to the innovative development projects that were first introduced at its pilot Tseltal-Tsotsil Coordinating Center in highland Chiapas. This book traces how indigenista innovation gave way to stagnation as local opposition shifted national priorities and waning financial support took their toll. After 1970, indigenismo may have served the populist aims of president Luis Echeverría, but Mexican anthropologists, indigenistas, and the indigenous themselves increasingly challenged INI theory and practice and rendered them obsolete.
