assume risk while financial institutions amass profits Hardin insists that mitigating financial capitalism's worst consequences such as perpetuating class and racial inequities requires challenging the narratives that naturalize risk as a necessary element of financial capitalism as well as social life writ large     *The Business Quarterly* ,1971     Bookseller, Newsdealer and Stationer ,1897     *Bookbinding & Book Production* ,1963     *Management* 405 ,2010     The American Mercury ,1927
