EU Citizenship, Nationality and Migrant Status

Kristīne Krūma, 2013-10-24 In EU Citizenship Nationality and Migrant Status An Ongoing Challenge Kristīne Krūma offers an account of the regulation of nationality at international EU and national Latvian levels. Growing global migration and multiple individual loyalties lead to a fusion of national identities traditionally preserved by the EU Member States. Dismantling national borders and granting directly effective rights to EU citizens broadens our understanding about belonging only to the limited territory of a single State. The primary focus is the status of the EU citizenship which has become a meaningful status capable of satisfying claims by citizens. The Latvian example shows that migrant status cannot be ignored because of the crucial role of migrants in the future construct of the EU.

State of the World's Minorities 2006 Richard Green, 2005-12-22 The way in which we treat minorities is the measure of civilization of a society. Mahatma Gandhi In the era of globalization societies are becoming more diverse. Every country around the globe exhibits some ethnic, religious or cultural diversity. Instead of an asset to be celebrated, however, governments too often treat this as a threat. States in every world region repress the rights of their minorities or even deny their existence. For some minorities or indigenous peoples, their very survival is at stake. In addition to the war in Iraq which remained the focus of intense media attention over 2005, further major armed conflicts were ongoing in other parts of the world in 2005 as well as a range of lower intensity conflicts. In three quarters of these armed conflicts, violence was targeted at specific ethnic or religious groups. Yet many of these conflicts could have been prevented if minority and indigenous rights had been respected. This first edition of the *State of the World's Minorities* looks at key developments over the last year affecting the human rights and security of ethnic, religious or linguistic minorities and indigenous peoples. It includes a Preface by the UN Special Adviser on the Prevention of Genocide, Juan E. Méndez, an analysis of trends and legal developments by leading authorities on minority rights, an overview by world region highlighting main developments and
