grade 12 Justus Liebig University Giessen course Teaching Short Literary Forms language English abstract Students often  
groan at the thought of facing another poetry unit This is stupid It doesn t make sense Why do I have to deal with this These  
are common remarks often spilling out of the students at the thought of dealing with poetry In an attempt to get them to  
grasp some of the poetry that they will face throughout their education this teaching unit attempts to use a movie scene as a  
way of hooking the students The unit hopes to make enough thematic connections to allow the students the opportunity to  
more closely examine and explicate a poem by exposing the conduit between it and an individual s biography In addition to  
the thematic connections this unit will also reveal common elements of poetry in a non threatening environment Students will  
learn about concepts like metaphors allusions and other elements of poetry by first discovering them in the film At the same  
time they upgrade and extend their vocabulary with words terms idioms and the vernacular that is used within the dialogs  
around the poem Their newly acquired knowledge enables them to articulate both personal discernments and popular  
apprehensions on the vicissitudes of life and may even trigger the desire in one or the other to start writing his or her own  
poem in English whether it be in a more traditional form or in a rap or a song and thus serves the primary target of foreign  
language education intercultural communicative competence cf Council of Europe 2001 43 Cinema is a vital and powerful  
medium and the hope is that it can be used in an effort to hook the students and bring them closer to the enjoyment of poetry
