Common Core English Language Arts in a PLC at Work® Grades 6-8 Douglas Fisher, Nancy Frey, 2012-12-05 Explore strategies for integrating the Common Core State Standards for English language arts for grades 6-8 in this resource which focuses on areas of instruction, curriculum, assessment and intervention. Discover how the seven essential Ps can improve your effectiveness in supporting assessment and communicating student achievement. You will also learn how to avoid inaccurate grades caused by penalties for lateness or academic dishonesty, extra credit group rather than individual work and marking down for attendance. *The Other Side of the Report Card* Maurice J. Elias, Joseph J. Ferrito, Dominic C. Moceris, 2015-12-14 To better serve the whole child, look at the whole report card. Although parents and teachers spend more time in conferences talking about behavior than they do about rubrics and test scores, too many teachers are still guessing when it comes to using outdated behavior ratings and comments to describe the whole child. With this book, you will take report cards to the next level, integrating social-emotional learning and character development into any grading system. Resources include Guided exercises for analyzing existing report cards, Suggested report card designs, Tips on improving teacher-parent communication, Case studies, Testimonials from teachers and students. *A Score Card and Standards for the Records and Reports of City School Systems* George Drayton Strayer, Nikolaus Louis Engelhardt, 1923 *Supporting Reading in Grades 6-12* Sybil M. Farwell, Nancy L. Teger, 2012-06-11 This book presents a curricular framework for students grades 6-12 that school librarians and teachers can use collaboratively to enhance reading skill development, promote literature appreciation and motivate young people to incorporate reading into their lives beyond the required schoolwork. *Supporting Reading Grades 6-12 A Guide* addresses head-on the disturbing trend of declining leisure reading among students and demonstrates how school librarians can contribute to the development of lifelong reading habits as well as improve students' motivation and test scores. The book provides a comprehensive framework for achieving this: the READS curriculum, which stands for Read as a personal activity, Explore characteristics, history and awards of creative works, Analyze structure and aesthetic features of creative works, Develop a literary-based product and Score reading progress. Each of these five components is explained thoroughly, describing how school librarians can encourage students to read as individuals, in groups and as school communities, support classroom teachers' instruction and connect students to today's constantly evolving technologies. Used in combination with an inquiry/information skills model, the READS curriculum enables school librarians to deliver a dynamic, balanced library program that addresses AASL's Standards for the 21st Century Learner. **Congressional Record** United States.
