Killer Books Aníbal González, 2010-07-05 Writing and violence have been inextricably linked in Spanish America from the Conquest onward. Spanish authorities used written edicts, laws, permits, regulations, logbooks, and account books to control indigenous peoples whose cultures were predominantly oral, giving rise to a mingled awe and mistrust of the power of the written word that persists in Spanish American culture to the present day. In this masterful study, Aníbal González traces and describes how Spanish American writers have reflected ethically in their works about writing's relation to violence and about their own relation to writing. Using an approach that owes much to the recent turn to ethics in deconstruction and to the works of Jacques Derrida and Emmanuel Levinas, he examines selected short stories and novels by major Spanish American authors from the late nineteenth through the twentieth centuries: Manuel Gutiérrez Nájera, Manuel Zeno Gandía, Teresa de la Parra, Jorge Luis Borges, Alejo Carpentier, Gabriel García Márquez, and Julio Cortázar. He shows how these authors frequently display an attitude he calls graphophobia, an intense awareness of the potential dangers of the written word.

Women in Contemporary Latin American Novels Beatriz L. Botero, 2017-11-16 This book explores the relationship between psychoanalysis, literary criticism, and contemporary literature. Focusing on Latin America and using examples from Brazilian, Colombian, Chilean, Puerto Rican, and Mexican literature, it provides an important account of why gendered violence occurs and how it is portrayed. In the novels discussed, the protagonists express similar fears, passions, and illnesses that are present in contemporary Latin America. Psychoanalysis and literary criticism offer us an interpretative framework to understand these voices, especially those that are in the margin. Women, particularly as part of a globalized labor force, express through their bodies social problems that range from the erotic use of the body in a hypersexualized world to the body as a receptacle of violence that expresses the death drive. This book is a fascinating contribution to literary, gender, and cultural studies.
