*Roget's International Thesaurus of English Words and Phrases* Christopher Orlando Sylvester Mawson, 1992

Roget's International Thesaurus, 7th Edition Barbara Ann Kipfer, 2010-08-03 A classic reference book that has been used by millions all over the world Roget's International Thesaurus is the product of more than a century and a half of continual expansion reorganization and improvement Today

this book is not only the most time tested and bestselling thesaurus ever but newly revised it is also the most up to date and comprehensive reflection of the English language as it is currently used The revolutionary achievement of Dr Peter Mark Roget s first edition in 1852 was the development of a brand new principle the arrangement of words and phrases according to their meanings Dr Roget s system brings together in one place all the terms associated with a single thought or concept it allows a wide ranging survey of language within a book of relatively modest size without the space consuming repetitions that so severely limit the scope of thesauruses arranged in a dictionary format with A to Z entries This brilliant organization makes Roget s International Thesaurus both the most efficient word finder and a cutting edge aid in stimulating thought organizing ideas and writing and speaking more clearly and effectively This revised and updated seventh edition features thousands of new words and phrases including the newest slang words and expressions that color and inform everyday language At the same time it retains all the hallmarks that have made Roget s International Thesaurus the most popular word reference book next to the dictionary
