**Visual Writing** Alex Baratta, 2010-07-12 Considering the fact that the academic essay continues to be widely used as an assessment tool within education there is a need for students to develop their skills in this area. However, it is often the case that students perceive instruction in academic writing if it is offered at all as boring. This book addresses these two issues. First, the book can be used by students themselves even in the absence of academic writing classes as a self-help guide from which they can develop their knowledge of academic writing and subsequent proficiency. Second, by discussing the components of academic writing in terms such as film, which are familiar to today's generation, students are enabled to relate to the material better and see what might have been perceived as dull from a brand new perspective. Visual learners in particular will enjoy the analogous link between films and essays, and students today are arguably more visually literate than previous generations, being exposed to visuals on a daily basis through text message iconography, computer games, and the Internet. The visual instruction provided in turn helps to facilitate mental visuals in students' minds from which their knowledge of essay writing can start to develop.

**Growing Up** Steve Naumovski BSc, 2015-05-14 In the sleepy suburb of North Perth, Australia, Steve Naumovski BSc plays war, forges friendships, and learns the value of family ties. In his memoir titled *Growing Up*, Naumovski tells stories of his childhood on Burt Street and life as the son of Macedonian immigrants. As Naumovski comes of age, his ancestry plays an increasing role, providing him with identity and purpose. *The National Literary Monthly*. J. Russell Fisher, Benjamin F. Miller, 1881

**Tip** Zoompad, 2008-02-13 This satirical first novel by Zoompad looks at growing up in the Sixties and Seventies, highlighting the ludicrous injustices of the Pin down system. A young girl is sexually abused, taken into care, and then farcically re-abused by the very system that was supposed to be looking after her. Zoompad takes the reader on a refreshingly honest and often very funny journey through small town England from the 1960s, first from the eyes of a child, then as a horse-mad teenager. It is a journey that encompasses the very meaning of life, morality, and justice, love, and respect. Why are we here and what's the point? It's a book about anger yet bears no trace of residual bitterness; a book that kicks against taboos in a quest for openness and understanding. The subject matter is distressing, yet this book will leave the reader feeling strangely uplifted and eager to blow the dust off that collection of the Sixties and Seventies music.

**The Story of a Dreamer** Anilu Castro, 2019-10-11 The life and struggles of an immigrant girl born in Mexico. The story narrates why, how, and when she and her family decided to emigrate to the United States. Her testimony relates how she survived a 3-day journey in the desert at age of 11, after failing for the first two attempts. What happened after she made it across and how she overcame discrimination, depression, temptation, and the separation of her family once in the American territory. A real-life story written to inspire and help others overcome their obstacles by seeing life from a different perspective.
