Social Informatics Steffen Staab,Olessia Koltsova,Dmitry I. Ignatov,2018-09-19 The two volume set LNCS 11185 11186 constitutes the proceedings of the 10th International Conference on Social Informatics SocInfo 2018 held in Saint Petersburg Russia in September 2018 The 30 full and 32 short papers presented in these proceedings were carefully reviewed and selected from 110 submissions They deal with the applications of methods of the social sciences in the study of socio technical systems and computer science methods to analyze complex social processes as well as those that make use of social concepts in the design of information systems

The Test Anya Kamenetz,2015-01-06 The anti testing movement now has a guidebook Kamenetz shows how fundamentally American it would be to move toward a more holistic system New York Times Book Review The Test is an essential and critically acclaimed book for any parent confounded by our national obsession with standardized testing It recounts the shocking history and tempestuous politics of testing and borrows strategies from fields as diverse as games neuroscience and ancient philosophy to help children cope It presents the stories of families teachers and schools maneuvering within and beyond the existing educational system playing and winning the testing game And it points the way toward a hopeful future of better tests and happier kids

Social Media News and Its Impact Fuyuan Shen,2021-12-19 With creative designs this book contains important contributions to our understanding of social media news s effects on political engagement political knowledge willingness to engage in self censorship and political disaffection In recent years social media has emerged as a major source of news and other information The unique nature of social media and the variety of platforms available to individuals present challenges for those who want to study and understand its psychological impact Fortunately many innovative studies on this subject have appeared in publications in the last few years This edited volume features a collection of recently published studies focusing on the effects of social media news as well as the framing of social issues on these platforms The authors of these studies used surveys experiments and content analysis to explore their research questions Each chapter provides valuable insights on the growing influence of social media news The chapters in this book were originally published in the journal Mass Communication and Society
