Advanced Private Equity Term Sheets and Series A Documents Joseph W. Bartlett, Ross Barrett, Michael Butler (Lawyer), 2003 This encyclopedic legal business guide is packed with state of the art analysis forms and commentary all designed to help you master the most crucial stages of the venture financing process

Advanced Private Equity Term Sheets and Series A Documents Michael Butler, 2021 Succeeding in the venture capital industry requires knowledge of the terrain and a keen understanding of the terms essential to a well structured transaction. This encyclopedic guide is packed with state of the art analysis forms and commentary all designed to help you master the most crucial stages of the venture financing process. The Advanced Private Equity Term Sheets and Series A Documents examines all of the deal terms you may encounter: anti dilution protection, warrant coverage, liquidation preferences and others. It provides clause by clause discussion of the Stock Purchase Agreement along with time saving tools such as model documents, opinion letters and a due diligence checklist contributed by a Big 4 accounting firm. You'll also get the most current data from an industry wide survey of West Coast and East Coast deal terms and trends so you'll know whether a given provision is market or industry standard. A must before your next negotiation. Whether you are dealing with claw back provisions or next round financing cram downs or the overhang problem this definitive book brings you the in depth nuanced answers you need to achieve your objectives.

Venture Capital and Private Equity Josh Lerner, Felda Hardymon, Ann Leamon, 2012-02-14 The 5th edition of Lerner's Venture Capital and Private Equity A Casebook continues to present the important historical cases of private equity while incorporating a number of new relevant and timely cases from previous best selling issues. It includes more cases relevant to the texts four main goals: understanding the ways in which private equity firms work, applying the key ideas of corporate finance to the industry, understanding the process of valuation and critiquing valuation approaches of the past and present, and an approach which has proved very successful over the past four editions. This casebook contains cases and notes designed to provide an understanding of the history of the private equity industry's development and the workings of the industry today. By explaining the industry on a case by case basis this text promises to address the critical question of whether gains made in recent years have been sustained and how firms will respond to the current opportunities and challenges.
