**Outsourcing Economics** William Milberg, Deborah Winkler, 2013-04-29 Outsourcing Economics has a double meaning First it is a book about the economics of outsourcing Second it examines the way that economists have understood globalization as a pure market phenomenon and as a result have outsourced the explanation of world economic forces to other disciplines Markets are embedded in a set of institutions labor government corporate civil society and household that mold the power asymmetries that influence the distribution of the gains from globalization In this book William Milberg and Deborah Winkler propose an institutional theory of trade and development starting with the growth of global value chains international networks of production that have restructured the global economy and its governance over the past twenty five years They find that offshoring leads to greater economic insecurity in

industrialized countries that lack institutions supporting workers They also find that offshoring allows firms to reduce domestic investment and focus on finance and short run stock movements New Cars & Trucks Buyer's Guide ,2006
