Journey Back Issues In Black Literature And Criticism:

The Journey Back Houston A. Baker, Jr., 1983 Professor Baker offers the richest analysis we have of black literature in its full cultural context A superb literary critic a sophisticated student of culture and society Baker is himself a very talented writer deeply engaged in the literary cultural journey he describes The result is a major work of interdisciplinary scholarship and humanistic criticism which will remain for years to come an authoritative treatment of the subject The Journey Back is a landmark not only in the study of black literature but in American studies in general No one interested in our culture can afford to ignore it Sacvan Bercovitch Columbia University The Journey Back Houston A. Baker (Jr.), 1980 Assesses 18th century black writers the autobiographical writings of slaves the works of Wright Ellison Baldwin Baraka and Brooks and traditional approaches to African American literature Encyclopedia of Contemporary Literary Theory Irene Rima Makaryk, 1993-01-01 The last half of the twentieth century has seen the emergence of literary theory as a new discipline As with any body of scholarship various schools of thought exist and sometimes conflict within it I R Makaryk has compiled a welcome guide to the field Accessible and jargon free the Encyclopedia of Contemporary Literary Theory provides lucid concise explanations of myriad approaches to literature that have arisen over the past forty years Some 170 scholars from around the world have contributed their expertise to this volume Their work is organized into three parts In Part I forty evaluative essays examine the historical and cultural context out of which new schools of and approaches to literature arose The essays also discuss the uses and limitations of the various schools and the key issues they address Part II focuses on individual theorists It provides a more detailed picture of the network of scholars not always easily pigeonholed into the categories of Part I This second section analyses the individual achievements as well as the influence of specific scholars and places them in a larger critical context Part III deals with the vocabulary of literary theory It identifies significant complex terms places them in context and explains their origins and use Accessibility is a key feature of the work By avoiding jargon providing mini bibliographies and cross referencing throughout Makaryk has provided an indispensable tool for literary theorists and historians and for all scholars and students of contemporary criticism and culture The Journey Back Houston A. Literary Criticisms of Law Guyora Binder, Robert Weisberg, 2000-02-22 In this book the first to offer a comprehensive examination of the emerging study of law as literature Guyora Binder and Robert Weisberg show that law is not only a scheme of social order but also a process of creating meaning and a crucial dimension of modern culture They present lawyers as literary innovators who creatively interpret legal authority narrate disputed facts and hypothetical fictions represent persons before the law move audiences with artful rhetoric and invent new legal forms and concepts Binder and Weisberg explain the literary theories and methods increasingly applied to law and they introduce and synthesize the work of over a hundred authors in the fields of law literature philosophy and cultural studies Drawing on these disparate bodies of scholarship Binder and Weisberg analyze law as interpretation narration rhetoric language and culture placing each of these approaches within the history of literary and legal thought They sort the styles of analysis most likely to sharpen critical understanding from those that risk self indulgent sentimentalism or sterile skepticism and they endorse a broadly synthetic cultural criticism that views law as an arena for composing and contesting identity status and character Such a cultural criticism would evaluate law not simply as a device for realizing rights and interests but also as the framework for a vibrant cultural life

Black Literature Criticism:

Achebe-Ellison, 1992 **Black American Literature Forum**, 1981 *Magical Realism in Novels of the Black World* Théodore Bouabre, 2004 □□□□, 2006-12 Voice in the Slave Narratives of Olaudah Equiano, Frederick Douglass, and Solomon Northrup Carver Wendell Waters, 2002 It is quite appropriate for Dr Waters to examine voice in these three important narratives on the African American experience in slavery By analyzing how Equiano Douglass and Northrup used language symbolism experiences and events in their lives as slaves to describe critique and attack slavery Dr Waters provides us with the subtextual meaning of the narratives The most important contribution is that it provides scholars and students with a new way to analyze and understand American slave narratives One of the most fascinating phenomena of American history is how the slave experience of Africans in America has been documented to balance the myth of the Old South with the brutal realities of racial oppression Indeed the United States is quite unique in having a body of narratives by former slaves to balance and challenge the myths and lies of the master or slaveholding class about the nature of American slavery In the Atlantic World at least no other people who were formerly enslaved have written and produced as extensive a body of literature to document expose and chronicle their experience in slavery Thus these narratives are very valuable because they
