99 Expedition Problems:

The Lost Explorer Conrad Anker, David Roberts, 1999-12-22 This is the adventure story of the year how Conrad Anker found the body of George Mallory on Mount Everest casting an entirely new light on the mystery of the explorer who may have conquered Everest seventy five years ago On June 8 1924 George Leigh Mallory and Andrew Sandy Irvine were last seen climbing toward the summit of Mount Everest Clouds soon closed around them and they vanished into history Ever since mountaineers have wondered whether they reached the summit twenty nine years before Edmund Hillary and Tenzing Norgay On May 1 1999 Conrad Anker one of the world s strongest mountaineers discovered Mallory s body lying facedown frozen into the scree and naturally mummified at 27 000 feet on Everest s north face The condition of the body as well as the artifacts found with Mallory including goggles an altimeter and a carefully wrapped bundle of personal letters are important clues in determining his fate Seventeen days later Anker free climbed the Second Step a 90 foot sheer cliff that is the single hardest obstacle on the north ridge The first expedition known to have conquered the Second Step a Chinese team in 1975 had tied a ladder to the cliff leaving unanswered the question of whether Mallory could have climbed it in 1924 Anker s climb was the first test since Mallory s of the cliff s true difficulty In treacherous conditions Anker led teammate Dave Hahn from the Second Step to the summit Reflecting on the climb Anker explains why he thinks Mallory and Irvine failed to make the summit but at the same time he expresses his awe at Mallory s achievement with the primitive equipment of the time Stunningly handsome and charismatic Mallory charmed everyone who met him during his lifetime and continues to fascinate mountaineers today He was an able writer a favorite of the Bloomsbury circle and a climber of legendary gracefulness The *Lost Explorer* is the remarkable story of this extraordinarily talented man and of the equally talented modern climber who spearheaded a discovery that may ultimately help solve the mystery of Mallory s disappearance

of world peace He endured hardships cheated death on more than one occasion and surrounded himself with a team of assistants as eccentric and audacious as he was In addition to his daring adventures Wellman became a nationally known political reporter and unofficial spokesman for the McKinley and Roosevelt administrations He was not the first newspaper sponsored adventurer but more than any of his predecessors he turned exploration into a real time media event and his reputation both flourished and suffered because of it Wellman lived during a time of rapid social and technological change when explorers were racing to fill in the last remaining blank spots on the map and when aviation promised to fulfill humanity s greatest hopes and darkest fears Flight to the Top of the World is a window into Wellman s time and illuminates many of its dreams and contradictions **Aurel Stein on the Silk Road** Susan Whitfield,2004 This work presents an illustrated account of the adventures of the great Silk Road explorer and archaeologist Sir Aurel Stein whose expeditions included the discovery of an amazing hoard of Buddhist paintings hidden since the 11th century inside a secret cave at Dunhuang The Journal of the Anthropological Institute of Great Britain and Ireland ,1899 Includes articles on issues of worldwide anthropological interest *Christian Students and World Problems* Student Volunteer Movement for Foreign Missions.
