Educational Times ,1887    **Schoolwide Action Research for Professional Learning Communities** Karl H.

Clauset,Dale W. Lick,Carlene U. Murphy,2008-05-15 Clearly shows the success that can occur when a staff learns together I highly recommend this book to aspiring and beginning principals as well as those with years of experience Paul Young

Executive Director West After School Center Former President National Association of Elementary School Principals Foster schoolwide professional learning through a collaborative action research model Action research is a popular method for

individual educators to examine their practices and grow in their profession In this how to guide readers will learn how Whole Faculty Study Groups WFSGs use action research to involve an entire school in advancing staff learning and school

performance The WFSG model is a type of professional learning community PLC that catalyzes school change with schoolwide action research as a central component With over 20 years of experience the authors draw from hundreds of

examples and case studies to describe how implementing WFSGs can help students teachers administrators and other staff members work collaboratively to improve teacher practice and student learning The authors empirical data and

comprehensive approach help deepen educators understanding of how to use meaningful action research to strengthen teamwork and realize school reform Additionally readers will learn how The WFSG system compares with other approaches to action research The schoolwide action research process can be applied in a wide variety of school reform efforts Study

groups can move from discussion to action Principals and district leaders can support schoolwide action research Discover the ways WFSGs can enhance student learning and result in real school improvement in this highly relevant must have guide

**Science Instruction in the Middle and Secondary Schools** Eugene L. Chiappetta,Thomas R. Koballa (Jr.),Alfred T. Collette,1998 New edition of a text providing far more than simply a cookbook of activities for science teachers Coverage
