Mobile Learning Applications in Early Childhood Education Papadakis, Stamatios, Kalogiannakis, Michail, 2019-11-29
Mobile technologies combined with an interdisciplinary approach to knowledge and organization of learning experiences that are meaningful to children could create a creative and interactive learning environment different from that of traditional teaching. Making good use of mobile learning with appropriate devices will increase the learning motivations of the students and help them bring about positive performance. Mobile Learning Applications in Early Childhood Education is a collection of innovative research on the methods and applications of mobile learning techniques and strategies within diversified teaching settings. While highlighting topics including computational thinking, ubiquitous learning, and social development, this book is ideally designed for researchers, teachers, parents, curriculum developers, instructional designers, academicians, students, and practitioners seeking current research on the application of mobile technology within child education. Research Anthology on Early Childhood Development and School Transition in the Digital Era Management Association, Information Resources, 2022-12-12
In today's digital world, it is critical to ensure technology is utilized appropriately and best practices for adoption are continuously updated, particularly when it comes to education. New technologies provide myriad opportunities for improvement within early childhood development; however, further study is required to fully understand the different tactics and strategies. The Research Anthology on Early Childhood Development and School Transition in the Digital Era considers how technology can assist with the development of young children and identifies different technologies that should be utilized within education for the benefit of students. Covering key topics such as instructional design, learning literacy, and technology, this major reference work is ideal for administrators, principals, researchers, scholars, practitioners, academicians, instructors, and students.
