

Age Of Aether

Ian R. MacLeod

Age Of Aether:

Age of Aether Mark Jeffrey, 2012 Age of Aether A Steampunk Adventure Romance Novella When Captain Benjamin Bantam is tapped to go back in time in order to retrieve a cure for the vicious Shadow plague he is shocked to arrive in an alternate 1944 where electricity doesn't exist. Instead a parallel past has mysteriously arisen complete with parasols stunningly luxurious Aerotels hydrologic computing Helux powered cloud growlers and a space elevator based moon race with Germany. And of course there is the lovely Dr. Rachele Archenstone. But when Hitler is made Chancellor in this world and the American space program sabotaged Bantam is the only one who realizes the true depth of the danger posed by the newly formed Nazi party. Together with Rachele he races to save this America while seeking an explanation to the mystery of this alternate past and with it a way to return to his own world with the Shadow's cure. But when it comes down to a choice between his lovely Rachele and a thousand years of Nazi rule what will he do? Thrill to a tale of a Yesterday that never was. And yet was. *The House of Storms* Ian R. MacLeod, 2019-03-28 A major work by a master writing at the top of his form. Publishers Weekly In the ninety-ninth year of the Age of Light Alice Meynell has fought her way up to Greatgrandmistress of the Guild of Telegraphers and is determined not to let even the consumption which is ravaging her son stand in the way. What follows through a long hot summer in the great house of Invercombe overlooking the Bristol Channel changes not only their lives but those of everyone in England and perhaps the whole known world. *The House of Storms* follows on from double World Fantasy Award winner Ian R. MacLeod's *The Light Ages* in creating a vividly three-dimensional vision of a landscape and a society both very like but also wonderfully different from our own. Part fantasy and part history and filled with compelling characters and a deep sense of place the story he tells is uniquely powerful and strange. Praise for *The House of Storms* MacLeod is set to become a writer of the magnitude of Dickens or Tolkien. *The Guardian* MacLeod's ability to tell a tale that blends history in the making with the stories of men and women who make that history renders this chronicle of love war and human aspiration a strong addition to any fantasy collection. *Library Journal* In the end as compelling as the plot may be readers will find themselves slowing down holding back turning the pages with deliberate care. For the world MacLeod creates the characters who live there the schemes and terrors they find themselves involved in are so real so beautifully rendered that readers will not want to leave them behind. *Interzone* **The first [-twelfth] book of Virgil's *Aeneid*** Virgil, 1887 *The Ages of Science* Colin A.
