Great Circles Emily Rolfe Grosholz, 2018-11-13 This volume explores the interaction of poetry and mathematics by looking at analogies that link them The form that distinguishes poetry from prose has mathematical structure lifting language above the flow of time as do the thoughtful ways in which poets bring the infinite into relation with the finite The history of mathematics exhibits a dramatic narrative inspired by a kind of troping as metaphor opens metonymy and synecdoche elaborate and irony closes off or shifts the growth of mathematical knowledge The first part of the book is autobiographical following the author through her discovery of these analogies revealed by music architecture science fiction philosophy and the study of mathematics and poetry The second part focuses on geometry the circle and square launching us from Shakespeare to Housman from Euclid to Leibniz The third part explores the study of dynamics inertial motion and transcendental functions from Descartes to Newton and in 20th c poetry The final part contemplates infinity as it emerges in modern set theory and topology and in contemporary poems including narrative poems about modern cosmology **The Bachelor of Arts** John Seymour Wood, 1896 [Moonchild](#) Jo Lee, 2021-05-11 The Epic Fantasy Adventure Seven year old Luna is encouraged by her adoptive Aunt Maple to hide her unusual traits especially as Luna is about to be taken along with other children to the Institution run by the tyrannical Archons a Secret Society of otherworldly beings There her true nature as the Moonchild is discovered leading to terrible danger from which she escapes through a magical fireplace to another world Pursued by Archons in this strange fantastical world Luna is rescued by pirate captain Harry Paye and his crew From them she learns that her destiny is to return the Moonstone to Crystal Mountain before the approaching prophesied eclipse Doomsday for both worlds Facing many obstacles and dangers Luna aging by the day perseveres making friends along the way due to her kindness and compassion but can she find and replace the Moonstone And what secrets might she uncover as she pursues her quest This fantasy adventure is perfect for Middle Grade Young Adults [The Churchman](#) , 1899 **Digital Heritage** Lindsay MacDonald, 2006-08-11 In the fields of documentation and conservation of cultural heritage assets there is a constant need for higher quality records and better analytical tools for extracting information about the condition of artefacts Digital photography and digital image processing provide these capabilities and recent technological advances in both fields promise new levels of performance for the capture and understanding of colour images This interdisciplinary book covers the imaging of decorated surfaces in historical buildings and the digitisation of documents paintings and objects in museums and galleries and shows how user requirements can be met by application of powerful digital imaging techniques Numerous case studies illustrate the methods **Intermediate Algebra (Hardcover)** Marvin Bittinger, 2002-11 **The Church Standard** , 1900 **The Illustrated Carpenter and Builder** , 1880 *Allie's Angel* Sommy L. Ham, 2011-04-27 Friendly Texas is about to get a facelift Folks never dreamed an angel a devil and a discouraged teen girl could pull this town together But that's exactly what happens when Allie McCall skips school one day After being falsely accused of cheating she

hides out in the derelict community church downtown There she meets Daniel an angel with silver hair and blue eyes
 Counting on her gritty tenacity he asks her to help rebuild the church When Allie reluctantly agrees her everyday life turns
 upside down Ethan one of Satan s disciples is out to thwart Daniels plan and shes horrified to find herself his newest target
 She rescues her sweet eccentric neighbor from Ethans clutches knowing that she hasnt seen the last of him Determined to
 follow Daniels plan Allie puts her faith in fact her life on the line to inspire her neighbors recruit investors coordinate
 materials and battle Satans minion Can she awaken her small towns spiritual passion while reconciling with her mother
 keeping up her grades learning to play basketball and maybe just maybe finding a boyfriend Is it possible that one angel
 could actually work that many miracles around a girl whose only assets are faith and courage Allie McCall is a fun funny
 engaging heroine and her faith journey speaks to us all She faces challenges and accomplishes things she never imagined as
 she rallies her town full of quirky characters to work wonders Miracles do happen and if Allie can hang onto faith then
 friendship family and love will win the day I chuckled over Allies teenage moments cheered for her as she won over the towns
 curmudgeons and enjoyed every minute that I spent in the town of Friendly Rosanne Cornbrooks Catalano Editor aboutnoting
