All Good Things:

All Good Things... Michael Jan Friedman, 2000-09-22 Seven years ago Captain Jean Luc Picard first faced the judgment of the Q Continuum a race of beings with God like powers over time and space who presumed to gauge humanity's fitness to exist in the galaxy Seven years ago they suspended judgment but now a decision has been reached The human race will be eliminated not only in the present but throughout time Humanity will never have existed at all The only chance to save mankind lies with Captain Picard An old enemy has granted him the power to revisit his life as it was seven years before and to experience his life twenty five years in the future With the help of friendships that span time and space Picard struggles to defeat the plans of the Q Continuum But even as he fights to save the human race from total extinction he has been set up to be the unwitting agent of mankind's destruction In an effort to save humanity Picard must sacrifice himself and all those he commands and if their sacrifice fails all mankind is doomed
