Vottari,2025-11-01 Rediscover the message of the Quran through a revolutionary translation free of jargon and dogma that speaks directly to the intellect and heart This is not your average academic or traditionalist translation It is a bold and necessary work with a clear goal to bring to light the original and universal meaning of the Holy Text delving into the etymological roots of the Arabic language to restore the conceptual power of Revelation to the reader Many standard translations use terms now crystallized by tradition Allah Prayer Unbeliever Religion that often create a cultural barrier or lose the active and dynamic nuance of the original text This new edition breaks down those barriers Why is this translation different In this edition each key word has been translated for its functional and spiritual meaning making the text accessible logical and profoundly relevant From Allah exact term Al Ilah to The Divinity The term is not left in Arabic but translated to emphasize the Universality of the Creator Lord of all worlds and not the god of a specific religion From Salat to Connection Not a simple mechanical ritual but a living and constant act of connection with the Divine From Kafir to He who covers the truth The etymological meaning of to hide cover like a farmer covers his seed is recovered revealing the psychology of those who deny the evidence rather than using the static label of infidel From Deen to System of Life Faith is not presented as a set of closed dogmas but as a coherent logical and practical system for human existence From Taqwa to Self Protection Security Fear of God is explained in its most practical sense of protecting oneself from the consequences of one's wrongdoing From Mu min to He who makes himself secure Usually translated as believer we discover that it actually has a deeper meaning indicating a physical and psychological state of security of the person submitted to God From Masjid to Place of Prostration Submission Usually translated as mosque we discover that it actually has a deeper meaning indicating any place where The One God is worshiped From Nab to Informer One who informs and gives news usually translated as prophet Strengths of this edition 1 Etymological and Rational Approach The analysis of the root S L W in Sura 33 shows how the text calls for action and active support 2 Inclusive and Clear Language Ideal for both those approaching Islam for the first time and Muslims who wish to understand what they are reciting beyond memorization 3 Focus on the Intellect The translation highlights the Quran's constant calls for reason logic and critical reflection Who is this book for Those seeking spirituality beyond religious labels Scholars of comparative theology and linguistics Anyone who wishes to read the Quran with fresh eyes finding coherent answers and an invitation to inner peace and social justice Immerse yourself in a reading that challenges convention and restores the Word to its vibrant essence Begin the journey toward understanding **Quran - The Final Testament - Authorised English Version** Dr. Rashad Khalifa Ph.D.,2010-12-16 Proclaiming One unifying religion for all the people The

Book is without a doubt a revelation from the Lord of the Universe The Final Testament comes with built in physical evidence that it is God s message to you it is mathematically composed beyond human capability This proves that God is the Truth and that He revives the dead and that He is Omnipotent Our Salvation in the hereafter lies on upholding The Quran The Quran is God s Final Testament to the world Unlike any other book the Quran is taught by God 55 1 2 He teaches us what we need at the time we need it This is why we read the Quran hundreds of times without getting bored We can read a novel for example only once But the Quran can be read an infinite number of times and we derive new and valuable information from it every time Since the Quran is God s message to all the people regardless of their language the Quran is accessible to the believers regardless of their language 41 44 This explains a profound phenomenon the believers who do not know Arabic know the Quran better than the Arabic speaking unbelievers Because of the invisible forces serving the Quran it is readily and enjoyably accessible to the sincere believers and utterly inaccessible to the unbelievers 17 45 18 57 56 79
