## 2015 Cao Declaration:

Ocean Law Debates Harry N. Scheiber, Nilufer Oral, Moon-Sang Kwon, 2018-07-17 The UN Convention on the Law of the Sea UNCLOS signed in 1982 and going into force in 1994 was the product of intensive international debates from the 1950s onward UNCLOS continues to be the subject of vital debates on new initiatives that seek to clarify or expand the scope of the ocean regime In Ocean Law Debates The 50 Year Legacy and Emerging Issues for the Years Ahead distinguished authors analyze the content of these debates providing both historical perspectives and keen analyses of present day issues Several chapters focus on the contributions to debates over half a century's time by the Law of the Sea Institute including the controversies involving maritime delimitation issues creation of marine fisheries law and responses to the manifold challenges posed by dramatic advances in science and technology Complementing these historical perspectives a section of five chapters offers critical discussion of today's movement to create a regime to sustain biodiversity in the Area Beyond National Jurisdiction Finally the volume offers diverse perspectives on the implementation and judicial interpretation of UNCLOS international whaling regulation Arctic regional issues seabed mining problems the geopolitics of Marine Protected Area declarations and the role of the IMO in responding to climate change Fisheries Regulation in the Central Arctic Ocean Lena J. Haas, 2024-12-30 The 2018 Agreement to Prevent Unregulated High Seas Fisheries in the Central Arctic Ocean CAOFA Agreement is a unique international treaty It sets up conditions for potential future commercial fisheries in the central Arctic Ocean furthered by climate change until ecosystem dynamics are well understood As a product of balancing interests of various stakeholders after a multi year drafting process the agreement protects both fish stocks and the environment Based on international maritime law scientific research and principles of international environmental law such as the precautionary approach it sets a precedent for future fisheries agreements *Governing Complexity in the Arctic Region* Mathieu Landriault, Andrew Chater, Elana Wilson Rowe, P. Whitney Lackenbauer, 2019-10-28 This book examines emerging forms of governance in the Arctic region exploring how different types of state and non state actors promote and support rules and standards The authors argue that confining our understandings of Arctic governance to Arctic states and a focus on the Arctic Council as the primary site of circumpolar governance provides an incomplete picture Instead they embrace the complexity of governance in the Arctic by systematically analyzing and comparing the position interventions and influence of different actor groups seeking to shape Arctic political and economic outcomes in multiple sites of Arctic politics both formal and informal This book assesses the potential that sub national governments corporations civil society organizations Indigenous peoples and non Arctic states possess to develop norms and standards to ensure a stable rule based Arctic region It will be of interest to all scholars and students working in the fields of Arctic Sovereignty Security Studies Global Governance and International Political Economy **Elgar Concise Encyclopedia of Polar Law** Donald R. Rothwell, Evan T. Bloom, Suzanne Lalonde, Jeffrey McGee, 2025-08-11 This Encyclopedia examines modern polar law and the specific legal

regimes applicable in the Antarctic and the Arctic It outlines related areas of international law including law of the sea and environmental law providing an invaluable overview and encouraging further research Analyzing a breadth of topics including biodiversity marine protected areas and maritime zones the Encyclopedia reflects increased global attention on the polar regions their resources environment and governance

Emerging Legal Orders in the Arctic Akiho Shibata, Leilei Zou, Nikolas Sellheim, Marzia Scopelliti, 2019-04-11 More than ever before the changing environmental and political landscape in the Arctic requires stability and foreseeability based on resilient common norms The emerging legal orders in the Arctic cannot be legitimately created or effectively implemented unless all relevant actors are involved Simultaneously it must always be based on respect for the sovereign rights of the eight Arctic states in the region as well as the tradition and cultural livelihood of the local communities It is this delicate balance between Arctic and non Arctic interests that is the core problematique for the emerging legal orders in the Arctic Emerging Legal Orders in the Arctic critically examines the role of non Arctic actors in this advancement of the shape and scope of the Arctic legal order Discussing the admittance and participation of Observer states and organisations in the Arctic Council including task force meetings where new treaties are negotiated it details the issues and successes this can result in Setting up the context of the current legal orders in the Arctic the book discusses Asian indigenous and European perspectives amongst others There is a strong focus on the groundbreaking fisheries agreement of November 2017 in the Central Arctic Ocean CAO and the impact on both Arctic and non Arctic actors Interests in marine living resources scientific cooperation and the Arctic shipping regimes and governance are also thoroughly discussed from multiple perspectives The book combines the expertise of academics and practitioners in the fields of international law and Arctic governance uniquely focusing on Asian actors in the Arctic legal order making The resulting study is a fascinating insight into the interplay between non Arctic actors and the Arctic legal order and will be invaluable to academics in the field of Arctic and international law

**International Law** Jan Wouters, Cedric Ryngaert, Tom Ruys, Geert De Baere, 2018-12-13 This textbook offers for the first time a comprehensive analysis of the classic doctrines and main areas of international law from a European perspective meeting the needs of the many European law schools teaching public international law in English Special attention is devoted to the practice of the European Union the Council of Europe and European States both civil law and common law countries with regard to international law In particular the book analyses the interplay between international law EU law and national law in the case law of the Court of Justice of the EU the European Court of Human Rights and national jurisdictions in Europe It provides the reader with insights into how the international legal practice of the EU and its Member States impacts the development of international law both in terms of doctrines such as treaty making and customary law the exercise of extraterritorial jurisdiction state responsibility and the settlement of disputes as well as particular sub fields of international law such as human rights law and international economic law In addition the book covers other important areas such as the use of force and collective security the law of

armed conflict and global and regional international organisations It provides European perspectives on all these issues and will be of great value to students scholars and practitioners     Resource Material Series ,2017     *Nghiên cứu Đông Nam Á* ,2017     China's Role in the Arctic Nong Hong,2020-04-13 This book explores the growing interests of China in the Arctic and examines the nature of its interests and motivations in maintaining its involvement and presence in the region The new geopolitical landscape of the Arctic today is a significant departure from the great power politics that existed in the region during the Cold War era Apart from traditional Arctic states more and more international organizations and non Arctic states are showing an increased interest in this region not least China Many have attempted to interpret China s intention in moving to the high north and this book aims to add to the existing literature from three approaches China s participation in the international institutions China s relationships with the Arctic stakeholders and China s sectoral engagement in the Arctic In taking a three dimensional approach to the analysis the author builds a comprehensive picture of China s interests and activities in the Arctic not only from the perspective of China but also from the viewpoint of other Arctic states Russia Canada the U S Norway Sweden Denmark Finland and Iceland One of the first books in English to cover the subject since the release of China s Arctic policy white paper in January 2018 this analysis will be of interest to academics students of Arctic studies maritime law and international law as well as policy makers in Arctic and non Arctic states     Resource Efficiency Paul Ekins,Nick Hughes,2016 Despite enormous progress in the past decades towards improving human prosperity and well being this has come at the lasting cost of degradation of the natural environment and depletion of natural resources Meeting the needs of a growing and increasingly affluent population will require natural resource extraction to increase from 85 to 186 billion tons by 2050 This can cause irreversible environmental damage and endanger the capacity of Earth to continue to provide resources which are essential for human survival and development Analysis in the report shows that policies and initiatives to improve resource efficiency and tackle climate change can reduce global resource extraction by up to 28 per cent while also boosting the value of world economic activity by 1 per cent in 2050 against the baseline Such policy actions can also cut global greenhouse gas emissions by around 60 per cent in 2050 relative to 2015 levels This report has been produced by the UNEP s International Resource Panel in response to a request by leaders of the G7 nations in the context of efforts to promote resource efficiency as a core element of sustainable development The report conducts a rigorous survey to assess and articulate the prospects and solutions for resource efficiency It considers how more efficient use of resources can contribute to economic growth employment and development at the same time as reducing the world s use of materials energy biomass and water and the resulting environmental impacts The report documents many examples of best practices for increasing the resource efficiency of different sectors from countries around the world The challenge for policy makers is to learn from and scale up these good practices and to conceive and implement a set of transformative policies that will enable countries to reap the associated social environmental and economic benefits     Yearbook of International

Organizations 2014-2015 (Volume 3) Union Of International Associations, Union of International Associations, 2014-08-20 The Yearbook of International Organizations provides the most extensive coverage of non profit international organizations currently available Detailed profiles of international non governmental and intergovernmental organizations IGO collected and documented by the Union of International Associations can be found here In addition to the history aims and activities of international organizations with their events publications and contact details the volumes of the Yearbook include networks between associations biographies of key people involved and extensive statistical data Volume 3 allows readers to locate organizations by subjects or by fields of activity and specialization and includes an index to Volumes 1 through 3 ASEAN trong chính sách hướng đông của Ấn Độ Xuân Vinh Võ, 2013 **Bulletin des arrêts de la Cour de cassation** France.
