Tricules, 2012-10-25 All of our fellow Americans need to understand what is happening in our great nation so that we can correct and repair the areas that affect us negatively and enhance the positive ones in order to make our country better Andy Tricules wants to help you become the most informed American by sharing Tell America with you Each chapter encompasses valuable information that has a direct impact on every one living in our country Gaining this type of information contained in Tell America will help every U S resident to better understand most of the issues and concerns in a much broader sense so that they can make any necessary lifestyle adjustments and preserve what they currently have The valuable data included in all of the chapters will definitely be an eye opener for every reader and hope that you will share the same sediments along with me *Cause of Death: Ballistic Trauma* Scott D. Young, 2024-06-04 On August 1 1966 the United States and the rest of the world witnessed a mass shooting at the University of Texas at Austin that is still considered one of the most shocking and impactful mass murders in that country's recent history Charles Joseph Whitman was a twenty five year old married student and ex Marine who truly went ballistic on that day Sniping from the domineering UT Tower he killed or wounded more than forty victims before being shot and killed by police As a former Marine and excellent marksman Whitman had extensive experience with firearms but had no history of criminal activity or mental illness The shooting spree therefore left many scrambling for answers A clue emerged from Whitman's suicide note In it he said that he knew something was wrong with himself and requested that an autopsy be performed after his death A malignant tumour was found deep in his brain which ignited a fierce debate amongst medical

experts about its role in Whitman's final violent actions Cause of Death Ballistic Trauma seeks to settle this debate by explaining the mechanisms of how the tumour was instrumental in influencing Whitman's behaviour The book explores how obstructive hydrocephalus and temporal lobe seizures may have led to the destructive events on that fateful day Written by retired medical oncologist Dr Scott Young who spent more than twenty years caring for patients with brain tumours this book explores the neuroscience behind this mass murder Drawing upon problem solving techniques used in forensics and supported with extensive references and images Young puts forth an argument that Charles Whitman was probably not legally responsible for his actions This is his first book      **Lemon-Aid Used Cars and Trucks 2011-2012** Phil
