**ALONG THE WAY** Stewart Flate,2014-12-16 Throughout my life I was extremely fortunate to have met many of the good people that G d placed on this earth and avoided most of the folks that he should take back and reprogram For those persons that I came to respect and love they will always be referred to by their real names To the best of my knowledge not one of them has an outstanding warrant or owes me money so I have no reason not to include them in my story Persons for whom I only use initials are very few and are only mentioned in reference to a humorous incident Besides Kim Young master counselor and part of our family insists that no one needs to mention a negative about someone as it is probably already common knowledge

**The Hope and Despair of Human Bioenhancement** Paschal M. Corby,2019-12-23 The Hope and Despair of Human Bioenhancement is a virtual dialogue between Transhumanists of the Oxford School and the thought of Joseph Ratzinger Set in the key of hope and despair it considers whether or not the transhumanist interpretation of human limitations is correct and whether their confidence in the methods of human enhancement especially through biotechnology corresponds to genuine hope To this end it investigates the philosophical foundations of transhumanism in modernity s rejection of metaphysics the triumph of positivism and the universalism of the theory of evolution which when applied to anthropology becomes the materialist reduction of the human person Ratzinger calls into question this absolutization of positive reason and its limitation of hope to what human beings can produce naming it a pathology of reason a mutilation of human dignity and a facade of a world without hope In its place he offers a richer concept of hope that acknowledges our contingency and limitations
