Alternative To Cloves In Recipe:

Cook's Illustrated Revolutionary Recipes America's Test Kitchen, 2018-10-23 2019 IACP Award Winner in the Compilations Category On the occasion of Cook's Illustrated's 25th anniversary we've gathered together our most extraordinary recipes and innovations from the past quarter century in this hands-on book packed with practical tips and techniques. These recipes tell the story of how Cook's Illustrated has changed American home cooking through its signature blend of rigorous testing, culinary research, science, and unorthodox approaches to developing foolproof recipes. As fans know, a big part of what makes the magazine so trustworthy and enjoyable to read is the essays that accompany each recipe, tracing from initial brainstorming to aha moments and the occasional catastrophe to final success. Rarely republished since they first appeared, these feature-length stories celebrate the art of food writing and the extensive work that goes into every recipe. In addition to the recipes, essays, and helpful sidebars, this book also features the trademark black-and-white illustrations that have become synonymous with Cook's Illustrated, creative use of the beloved front-and-back cover art, and a new addition: gorgeous full-color photographs of each dish. Featured recipes include Perfect corn on the cob that never gets boiled, ultracreamy tomato soup that's completely dairy-free, the fastest roast chicken recipe, oven-grilled London broil, and ingenious low-key approaches to traditionally high-fuss recipes such as risotto, French fries, pie crust, and many more.

The Boat Galley Cookbook: 800 Everyday Recipes and Essential Tips for Cooking Aboard Carolyn Shearlock, Jan Irons, 2012-09-28 No matter what anyone tells you, boat cooking IS different from cooking ashore. The space is smaller, there's no grocery store 5 minutes away, you have fewer prepared foods and electric appliances, and food storage is much different. Despite cruising different oceans, we Jan and Carolyn both faced the same challenges: eating well while having time to enjoy all the other great aspects of cruising. We love to snorkel, swim, kayak, explore, and just sit and admire the view. We learned with the cookbooks we both had aboard and wished for information that wasn't available like when Jan ended up with a frozen chicken complete with head and feet and no instructions on how to cut it up. When we couldn't get foods such as sour cream, English muffins, spaghetti sauce, or yogurt, we adapted recipes to make our own. Other times we experimented with substituting ingredients; maybe the result wasn't identical, but it was still tasty. We ended up with over 150 substitutions and dozens of make-it-yourself options. As we traded recipes and knowledge with each other, we realized we were compiling information that became *The Boat Galley Cookbook*. 800 recipes made from readily obtainable ingredients with hand utensils, including numerous choices to suit every taste, not just one cake but 20-16 ways to prepare fish, 10 regional barbecue sauces, and so on. Step-by-step directions to give even non-cooks the confidence they can turn out tasty meals without prepared foods.

Detailed instructions on unfamiliar things like making yogurt and bread grilling virtually every food imaginable preparing and cooking freshly caught fish and seafood cutting up and boning meat cooking in a Thermos and baking on the stove top as well as lots of tips on how to do things more easily in a tiny moving kitchen All this in an easy to navigate format including side tabs on the Contents to help you find your way and extensive cross reference lists at the end of each chapter Quick Reference Lists provide idea starters suggestions of included recipes for such categories as Mexican Asian and Potluck The Boat Galley Cookbook is designed to help you every step of the way We hope it becomes a trusted reference on your boat and a source of many enjoyable meals Clinician's Complete Reference to Complementary/alternative Medicine Don
