The Student's Manual of Oriental History. A Manual of the Ancient History of the East to the Commencement of the Median Wars François Lenormant, Elisabeth Chevallier, 1869 **The student's manual of oriental history. A manual of the ancient history of the East to the commencement of the Median wars, by F. Lenormant and E. Chevallier**
Charles François Lenormant, 1869 A Manual of the Ancient History of the East to the Commencement of the Median Wars
François Lenormant, Elisabeth Chevallier, 1871 **A Manual of the Ancient History of the East, Volume 1** Francois Lenormant, 2024-09-18 Recent antiquarian research in the hands of a greatly expanded scholarship has completely revolutionized ancient Oriental history. The last 150 years have been prolific of discoveries going to enlarge our knowledge of the pre Hellenic world. First came the original memoirs of the discoverers and decipherers then great works combining their fruits into connected history and rehandling the old narratives in their light and now we are having all that condensed and separated from critical apparatus and presented in forms for popular reading and instruction. Among works of the latter class this of Lenormant is positively one of the best we have yet seen. Its clear and brief narrative contains the latest results of the most advanced Orientalists in their respective fields and the whole is woven together by a scholar whose own life has been devoted successfully to the same round of subjects. This is volume one out of two covering the histories of the Israelites, Egyptians, Assyrians and Babylonians. **Books in Print Supplement**, 1979 *The Athenaeum*, 1876 **Athenaeum**
