Argumentative Essay Topics For Middle School Students:

Teaching Argumentative Writing to Twelfth Grade Students Barbara Ann Beck Perushek, 1999 **The Multimedia Writing Toolkit** Sean Ruday, 2016-11-25 The Multimedia Writing Toolkit demonstrates how by drawing on students' interest in and familiarity with technology you can integrate multimedia to maximize the potential of writing instruction. In eight concise chapters, author Sean Ruday identifies and describes simple common forms of multimedia that upper elementary and middle school students can use to improve their argument, informational and narrative writing and critical thinking. You'll learn how to incorporate multimedia into argument, informational and narrative writing through students' use of video, topic trailers, online discussion boards, webpages and more. Evaluate students on effective use of multimedia through easy-to-follow rubrics and explicitly articulated learning goals. Understand more fully the key forms of multimedia through user-friendly overviews and explanations; you don't need to be a techie teacher to use these strategies. Overcome possible obstacles to the integration of multimedia in the classroom by learning from the author's concrete first-hand examples and instructional recommendations. This book is complete with resources designed to provide you with extra support, including reproducible classroom appropriate charts and forms, links to key web-based content discussed in the book, and a guide for teachers and administrators interested in using the book for group-based professional development. With *The Multimedia Writing Toolkit*, you'll have a clear game plan for encouraging your students to become more engaged, technologically savvy learners. Bonus: Blank templates of the handouts are available as printable eResources on our website www.routledge.com/9781138200111.

Integrating SEL into Your ELA Curriculum John Dacey, Lindsey Neves Baillarger, Nancy Tripp, 2018-11-08 In this helpful book, you'll learn how to seamlessly infuse social-emotional learning into your middle school English language arts curriculum. With the growing emphasis on student assessment and learning outcomes, many teachers find they lack the time and the encouragement to begin implementing SEL techniques into their instruction. This book offers a solution in the form of practical lesson plans, all of which can be implemented without tedious preparation and all of which are designed to boost self-awareness, self-management, social awareness, and other key SEL skills. Your students will discover how to practice mindfulness and think positively, exert self-control, and employ self-management skills. Become independent thinkers and make sound decisions. Be resilient and develop a growth mindset. Improve relationship skills and avoid bullying. Be authentic and develop leadership skills. And much more. Each activity is ELA-focused so students will develop social-emotional learning while meeting key literacy objectives such as reading a nonfiction speech, looking closely at symbolism, analyzing Shakespearean sonnets, and more. The book also includes reproducible tools for classroom use. You can photocopy them or download them as eResources from www.routledge.com/9781138345263. *Writing Argumentative Essays* Nancy V.
