Create a portrait step by step. **How Can I Inspire My Painting Class?** Rachel Shirley, 2011-06-14. Lesson Plan Ideas for Oil Painting in Post Compulsory Education: an Essential Guide to Teaching. How can I inspire my art class? A question many art teachers may ask themselves at one time or another, either because of lack of experience or a mental block. Indeed, having comprehensive knowledge of oil painting or being an eminent artist does not necessarily make a good art teacher or one that inspires students to paint. The important matter of how people learn is equally as important and for this reason this book is really in two parts: a guide to oil painting and a guide to teaching. This book is designed for the oil painting teacher, whether a newbie or one searching for new ideas for lesson plans. With 75 chapters divided into 14 sections, everything the oil painting teacher needs to know is covered, whether in context of an art institution or teaching privately. A preliminary chapter offers a comprehensive guide to the art materials required for oil painting, enabling the teacher to offer students advice on what to buy and how to save money. The next section covers students' needs, explaining multi sensory lesson planning, writing the individual learning plan, motivating students, differentiating the art activities and making provisions for students with special needs. The third section prepares the teacher to teach, giving clear information on writing objectives, designing a coherent scheme of work, conducting assessments and writing briefs. Essential learning theories such as Bloom's Classifications of Thought, Ausubel's Subsumption Theory and strategic use of Behaviourism and Cognitivism within the class are also explained. The main body of the book gives ideas for around 60 lesson plans, beginning with ideas for preliminary lessons that underpin painting, moving on to colour use and oil painting techniques. Ideas for teaching landscape art, still life art, alfresco painting and life painting ensure the art teacher will find lesson plans to fit most modules. Finally, the book offers guidance on

presenting artwork for assessment With plenty of colour images and easy to read format this book offers the busy teacher snap ideas for lessons to suit the class and the curriculum Book statistics 45 000 words 212 pages filled with colour illustrations 5 5inx8 5in 140mmx220mm **Painting Luminous Portraits for Artists** Steve Forster,2025-08-05 From Steve Forster award winning portrait artist and co director of the Long Island Academy of Fine Art Painting Luminous Portraits for Artists presents essential lessons on how to paint a radiant likeness in oils **Art Class: The Essential Guide to Drawing** Barrington Barber,2021-12-01 An essential guide to drawing by internationally bestselling practical art author Barrington Barber Whether you want to learn to draw from scratch or to brush up your skills this comprehensive drawing manual contains all you need With introductory chapters on techniques basic drawing exercises and composition the book goes on to explore the major subject areas available to you as an artist still life landscape and figure drawing Barrington Barber s combination of clear step by step exercises and inspirational examples has enabled people all over the world to learn to draw and to enjoy this incredibly rewarding pastime ABOUT THE SERIES Arcturus Art Class books are a curated series of instructional art and craft titles designed to inspire artists of all levels from beginner to professional Stunningly presented in full color and in a highly usable landscape format these comprehensive books are packed with all the ideas inspirations step by step projects and techniques you ll need to master the subject covered **The Essential Guide to**
