

## RULE 8 - BATTER-RUNNER AND RUNNER

M. The double base shall be used at first base in all divisions of play. The following rules should be enforced:

1. A batted ball hitting or bounding over the white portion is fair.
2. A batted ball hitting or bounding over the contrasting color portion is foul.
3. When a play is being made on the batter-runner, the defense must use the white portion and the batter-runner the contrasting color portion of the base.

**EFFECT:** The batter-runner is out when there is a play being made at first base and the batter-runner touches only the white portion, providing the defense appeals prior to the batter-runner returning to first base. Once the runner returns to the white or contrasting color portion of the base, an appeal shall not be honored.

4. On any force out attempt from the foul side of first base the defense and the batter-runner may use either the white or contrasting color portion of the base.
5. On an errant throw pulling the defense off the white portion of the base into foul ground, the defense and the batter-runner can use either the white or contrasting color portion.
6. Once the batter-runner reaches first base, they may start on either the white or contrasting color portion of the entire base.
7. On balls hit to the outfield with no play on the batter-runner advancing to first base, the batter-runner may touch the white or contrasting color portion. Should the batter-runner return, the runner and defense can use the white or contrasting color portion.
8. When tagging up on a fly ball, the white or contrasting color portion of the base may be used. On an appeal for the runner leaving the base too soon, the defense may use the white or contrasting color of the base.
9. (Fast Pitch, Slow Pitch with stealing & 16-Inch Slow Pitch) On an attempted pick-off play, the runner may return to the white or contrasting color portion of the base.
10. On plays at 1B when the batter-runner touches only the white portion and collides with the fielder about to catch a thrown ball while on the white portion of the base.

**EFFECT:** Interference, the ball is dead, the batter-runner is out and runners must return to the last base occupied at the time of interference.
