**Secret Agent** Joseph Conrad,1990-05-25 The Secret Agent 1907 is a compelling tale of espionage and terrorism set in Edwardian London Ironically subtitled A Simple Tale it paints a terrifying portrait of revolutionaries and anarchists whose personal lives are as barren and futile as their public acts of violence It concludes with the unwitting accomplice of a would be terrorist blowing himself to bits with his own bomb the terrorist s subsequent murder by his own wife and the wife s own suicide This new edition is based on a painstaking comparison of the original manuscript of the work with its first truncated appearance in the American magazine Ridgeway s A Militant Weekly for God and Country and with all subsequent book form publications overseen by Conrad himself The result is a new text purged of the printers errors and editorial interventions that have been reproduced in all previous printings There is also a critical introduction an essay on the text a textual apparatus and helpful explanatory notes      **English Mechanics and the World of Science** ,1884      Chinese-English Dictionary of
