Salisbury-Glennon, Chih-hsuan Wang, David M. Shannon, 2025-09-24 To date there remains limited knowledge about the cognitive motivational and psychological impact of the COVID 19 global pandemic on learners across all developmental levels This book seeks to explore the impact of the COVID 19 global pandemic on high school undergraduate and graduate level learners around the world *ACT Aspire Test Prep: Grade 5 English Language Arts Literacy (ELA) Practice Workbook and Full-length Online Assessments* Lumos Learning, 2000-12-09 This book is designed to help students get ACT Aspire assessment 2017 18 rehearsal along with standards aligned rigorous skills practice It Includes Access to Online Resources 2 Summative Tests that mirror the ACT Aspire Assessments 10 Tech enhanced Item Types Self paced learning and personalized score reports Strategies for building speed and accuracy Instant feedback after completion of the Assessments Standards based Printed Workbooks Reading Literature Reading Informational Text Language Students will have the opportunity to practice questions related to all the critical english language arts ELA learning objectives included in the common core state standards CCSS and college and career readiness standards CCRS Teachers Get FREE Access to Lumos StepUp TM Basic Account Create up to 30 students accounts and monitor their online work Share information about class work and school activities through stickies Easy access to Blogs Standards Student Reports and More 7000 Schools 11 000 Teachers and 120 000 Students use the Lumos Learning Study Programs to improve student achievement on the standardized tests and supplement classroom learning *Rethinking Value-Added Models in Education* Audrey Amrein-Beardsley, 2014-04-24 Since passage of the of No Child Left Behind Act in 2001 academic researchers econometricians and statisticians have been exploring various analytical methods of documenting students academic

progress over time Known as value added models VAMs these methods are meant to measure the value a teacher or school adds to student learning from one year to the next To date however there is very little evidence to support the trustworthiness of these models What is becoming increasingly evident yet often ignored mainly by policymakers is that VAMs are 1 unreliable 2 invalid 3 nontransparent 4 unfair 5 fraught with measurement errors and 6 being inappropriately used to make consequential decisions regarding such things as teacher pay retention and termination Unfortunately their unintended consequences are not fully recognized at this point either Given such the timeliness of this well researched and thoughtful book cannot be overstated This book sheds important light on the debate surrounding VAMs and thereby offers states and practitioners a highly important resource from which they can move forward in more research based ways

Preparing Students for College and Careers Katie Larsen McClarty, Krista D. Mattern, Matthew N. Gaertner, 2017-08-22. *Preparing Students for College and Careers* addresses measurement and research issues related to college and career readiness. Educational reform efforts across the United States have increasingly taken aim at measuring and improving postsecondary readiness. These initiatives include developing new content standards, redesigning assessments, and performance levels, legislating new developmental education policy for colleges and universities, and highlighting gaps between graduates' skills and employers' needs. In this comprehensive book, scholarship from leading experts on each of these topics is collected for assessment professionals and for education researchers interested in this new area of focus. Cross-disciplinary chapters cover the current state of research, best practices, leading interventions, and a variety of measurement concepts, including construct definitions, assessments, performance levels, score interpretations, and test uses.
