Statistics with Computer Applications Ronald E. Shiffler, Arthur J. Adams, 1995 This text shows students the usefulness of statistics in the context of real business problems. Because the book combines an intuitive presentation with numerous pedagogical features, students quickly realize the power of statistics without getting lost in the theory. An early introduction to regression has been highly praised for its motivation. Shiffler and Adams have written an easy to read, well motivated and useful text for business students.

Management Accounting Charles T. Horngren, 2002 This text is appropriate for one or two term first and or second year courses in Managerial or Cost Accounting at both the college and university level. The new edition of this best selling text continues to emphasize a decision making approach to prepare Canadian students to be managers of accounting information. It shows how accountants prepare information that is useful to managers and demonstrates why managers in all types of organizations should have an understanding of the advantages and limitations of accounting. A strategic management theme running through the text allows students to relate management accounting decisions to a company's key success factors.

External Auditing and Quality Iffet Kesimli, 2018-07-17 This book focuses on factors impacting audit quality and solutions to these problems. In addition to elaborating on legislation in the European Union and United States, the book also provides a thorough outlook of Turkish audit market from the point of view of auditing firms and their clients. Many cases and samples are provided to assist practitioners to successfully re-engineer organizational structures in accordance with fresh regulations and expectations of the market. This book serves as a helpful resource for auditing firms, auditors, regulating authorities as well as post graduate students of audit sector.
