

The 9/11 Commission Report

A Review Essay

Richard A. Falkenrath

The 9/11 Commission Report: Final Report of the National Commission on Terrorist Attacks upon the United States (New York: W.W. Norton, 2004)

Nine days after the Japanese attack on Pearl Harbor, Lt. Gen. Walter Short, the U.S. Army commander in Hawaii at the time, was relieved of duty. Adm. Husband E. Kimmel, the commander of the decimated Pacific Fleet, was relieved of command the next day. President Franklin D. Roosevelt then established by executive order a commission to investigate the attack, which was chaired by Supreme Court Justice Owen Roberts. The Roberts commission issued its report on January 23, 1942, less than two months after the attack. The commission found both Short and Kimmel guilty of dereliction of duty. The two officers were forced to retire with reduced rank, disgraced. Most subsequent official inquiries and scholarship have concluded that Short and Kimmel were scapegoats, the victims of an unfair rush to judgment, and that the real cause of America's surprise on December 7, 1941, was the absence of an effective national intelligence structure.

Unlike Pearl Harbor, the terrorist attacks of September 11, 2001, produced no Husband Kimmel, no Walter Short. No one has taken the fall for the failure to prevent attacks that killed 2,819 innocent people. These attacks were the work of men, not fate. They could have been prevented but were not. The government failed in this responsibility, but who within the federal government is to blame for this failure? This open-ended question does not sit well with many segments of American society, especially those most skeptical of representations made by President George W. Bush and his principal officers.

The Bush administration had little enthusiasm for an independent investigation into the events leading up to 9/11, seeing such an inquiry as a distraction from more pressing business at hand. The 9/11 attacks triggered extraordinary and simultaneous actions by the federal government on multiple fronts.¹ It

Purpose Beyond 2012 Wj Reichertz,2012 Like many Americans Ricky Vogt was searching for a career and purpose during the fallout from America s 2008 economic implosion At the same time the nation was searching to resolve energy environmental and economic problems within a dysfunctional political system This story explains how Vogt joined his fellow Americans as they fought amongst themselves in search of a better vision He questions how community resolves the tension between intolerance and personal liberty between the selfishness of trickle down economics and the ideals of spirituality and our founding documents promoting the common good The book depicts Vogt s evolving search for better solutions and a new way forward

The Forgotten Barbara Dorger,2021-07-19 In my 2004 book *Turbulent Skies* I wrote Maybe someday someone will write about the incredible actions of the flight crews on the morning of September 11 2001 This wish began to manifest in the 10th year after 9 11 when I had an overwhelming sensation that I should undertake this quest myself In my first year of writing as I researched and wrote my body would chill and I would cry Once an article was finished I could hardly get up out of my chair I truly felt like I was on the planes with the crews I knew if I was to continue I had to control all that emotion The book s focus initially was on the flight crews But as I wrote it became so much more The reader will learn how the air traffic controllers cleared the skies how Canada responded by handling all the incoming international flights and how the failures of the FAA the FBI the CIA and the airlines allowed this attack to take place I realized that September 11th could have been even more disastrous had it not been for the actions of those brave crew members and little miracles that occurred that day I also realized how it might have been prevented if the crews had been properly trained and informed about the threat they were facing The book further examines how political forces changed the priorities for counter terrorism and also impeded the examination of how the attacks could happen These political forces were challenged by four New Jersey widows who got the 9 11 hearings approved Finally this book examines the aftermath of the attack and how it forever changed the airline profession and added significant restrictions on traveling public

Phoenix Rising Donald G. Lett,Donald G Lett Jr,2008-02 In an age when the supply of gasoline to feed this modern American society has become both more expensive and more scarce questions are being pondered Inquires like How can a modern society scale back its dependence on gasoline as a motive source Are there genuine alternative power sources Are they the answer to a growing crisis Recent announcements of hybrids like those from Honda Toyota and Ford have really brought attention to this issue Hybrids that use both gasoline engines and electric motors Really though alternative power sources have been around for as long as the automobile has been The battle between and among the steam car the electric and the gas car was fought out in the first couple of decades of the twentieth century This book explores the ins and outs of that battle A struggle from which the gasoline car emerged completely victorious To such an extent that steam cars and electric cars virtually disappeared from the scene for many decades We will look over all three alternatives exploring their advantages and disadvantages We

will also look over the obstacles to the steamers and the electric barriers that still exist to a certain extent. Handicaps that caused their disappearance in the first place. *Afghanistan's Experiences* Hamid Hadi M.D, 2016-03-31. *Afghanistan's Experiences* is a sweeping analysis of the historic events and interplay between politics, religion, and terrorism in Afghanistan, the southeastern region of the country, and beyond. The author has vividly explained the origin and the rise of Taliban to power, one of the most important sources of turmoil in contemporary time. Thus, one can perceive how the dynamics of the sinister politics, religious extremism, and terrorism has culminated in avoidable brutal wars and human tragedies. Hamid Hadi has vividly described and put into political debate Afghanistan's history, the implications of the Russian invasion of Afghanistan, the Americans, the Pakistanis, and Saudis' role in the civil war, and the creation of the al Qaeda that led to the 9/11 tragedy. In a unique research and analysis, the author has examined the acts of Islamic terrorists against the American people and institutions during the last 176 years and brilliantly deduced that the Russian invasion of Afghanistan was a watershed era in the formation of contemporary terrorism and that the failure of both superpowers' foreign policy in Afghanistan to a great extent has resulted in growth of the terrorist network. Besides a detailed description of the 9/11 tragedy and Iraq war, Hamid Hadi has painstakingly brought the world religions and Abrahamic religions in particular into debate and discussed the reform of the Islamic faith. **If You Love Someone, You Must Tell Them** Neal Allen, 2023-12-05. *If You Love Someone You Must Tell Them* is a compelling story of contemporary history with timeless themes of love, tragedy, and celebration. Lavinia, a beautiful and brilliant young woman whose first decade of life shadowed the last decade of communist Romania, falls madly in love with Christopher, a fellow student at the University of Southern Maine. Christopher is from Vermont and serves in the Maine National Guard. Together they marvel at the slim probability of their lives connecting from such different backgrounds and distinct corners of the world. Dreams of a long future of lasting love, family, and professional achievement collide with the unintended consequences of life choices that are driven by the decisions of the politically powerful.

Disinformation Richard Miniter, 2005-09. Debunks media myths that hinder the success of the U.S. military in the War on Terror, including the claim that Bin Laden was trained by the CIA and the story that Halliburton has earned billions from the war. *Foreign Service Journal*, 2007. **Bahudhā and the Post 9/11 World** Balmiki Prasad Singh, 2008. This book propounds the concept of Bahudha, an eternal reality or continuum, a dialogue of harmony and peaceful living. It refutes widely publicized ideas about the clash of civilizations and explains how the Bahudh approach recognizes the distinction between plural societies and pluralism, an inevitable ingredient of democratic societies. One of the lessons of 9/11 is that we are living in an interdependent world. The author argues that in these times of unprecedented change, old doctrines have to be transcended and the language of dialogue needs to be reconstructed. The answer to terrorism lies in respect for human rights and other cultures and value systems. This will go a long way in facilitating and enhancing dialogue processes, eventually leading to a harmonious society and a peaceful world. *The Middle East, Abstracts and Index*, 2007. **The**

Serpent in Our Garden Brian M. Drinkwine, 2009 The terrorist attacks of September 11 2001 9 11 caused Americans to realize that our sense of invincibility had been shattered This paper will identify Al Qaeda and Salafi Jihadists as our enemy and will recommend new approaches to fighting terrorism Colonel Brian Drinkwater will explore Al Qaeda's organization leaders doctrine and their radical ideologies It is argued that the war we must fight is one against Islamist transnational actors who openly engage in terrorism or support terrorism It will highlight that our current national and military strategies to combat terrorism are inadequate to take on an ideologically emboldened transnational foe It is emphasized that we must refocus our efforts and prepare to fight a war of several generations long war and several initiatives will be recommended to include development of a cogent grand national strategy These recommendations are intended to assist future planners in the development of a grand national strategy and an integrated long war campaign plan aimed directly at Al Qaeda the Al Qaeda associated movement and Islamist terrorists and executed through the application of diplomatic informational military and economic instruments of national power by an unified interagency effort in coordination with our multinational partners international governmental and non governmental organizations and regional security organizations Page vii
