Forthcoming Books Rose Arny,1996-06 **Encyclopedia of Production and Manufacturing Management** Paul M.
Swamidass,2006-09-21 The Encyclopedia of Production and Manufacturing Management is an encyclopedia that has been
developed to serve this field as the fundamental reference work Over the past twenty years the field of production and
operations management has grown more rapidly than ever and consequently its boundaries have been stretched in all
directions For example in the last two decades production and manufacturing management absorbed in rapid succession
several new production management concepts manufacturing strategy focused factory just in time manufacturing concurrent
engineering total quality management supply chain management flexible manufacturing systems lean production and mass
customization to name a few This explosive growth makes the need for this volume abundantly clear The manufacturing
industry thinks and acts more broadly than it did several decades ago The most notable change has been the need for
manufacturing managers to think in technological strategic and competitive terms This is a very favorable development and
it leads to manufacturing success The entries in this encyclopedia include the most recent technical and strategic innovations
in production and manufacturing management The encyclopedia consists of articles of varying lengths The longer articles on

important concepts and practices range from five to fifteen pages There are about 100 such articles written by nearly 100 authors from around the world In addition there are over 1000 shorter entries on concepts practices and principles The range of topics and depth of coverage is intended to suit both student and professional audiences The shorter entries provide digests of unfamiliar and complicated subjects Difficult subjects are made intelligible to the reader without oversimplification The strategic and technological perspectives on various topics give this Encyclopedia its distinctiveness and uniqueness The world of manufacturing today is increasingly competitive It is apparent that manufacturers must respond to these competitive pressures with technical and strategic innovation This encyclopedia has been developed to help researchers students and those in the manufacturing industry to understand and implement these ongoing changes in the field
