In the 1960s and 1970s the staff and students of two newly founded universities in the Pacific Islands helped foster a golden age of Oceanian literature At the University of Papua New Guinea and the University of the South Pacific bold experiments in curriculum design recentered literary studies around a Pacific modernity Rejecting the established British colonial model writer scholars placed Pacific oratory and a growing body of Oceanian writing at the heart of the syllabus From this local core students ventured outward to contemporary postcolonial literatures where they saw modernist techniques repurposed for a decolonizing world Only then did they turn to foundational modernist texts encountered at last as a set of creative tools rather than a canon to be copied or learned by rote

The Rise of Pacific Literature reveals the transformative role and radical adaptations of global modernisms in this golden age Maebh Long and Matthew Hayward examine the reading and teaching of Pacific oral narratives European and American modernisms and African Caribbean and Indian literature tracing how Oceanian writers appropriated and reworked key texts and techniques They identify the local innovations and international networks that spurred Pacific literature s golden age by reading crucial works against the poetry prose and plays on the syllabi of the new universities Placing internationally recognized writers such as Albert Wendt Subramani Konai Helu Thaman Marjorie Crocombe and John Kasaipwalova alongside lesser known authors of works published in Oceanian little magazines this book offers a wide ranging new account of Pacific literary history that tells a fresh story about modernism s global itineraries and transformations **The Pacific Islands and the USA** R. G. Crocombe, 1995

The world s most powerful nation and more than a dozen of the world s smallest have been interacting for 200 years Beginning with whaling in the 1700 s it has continued through many trades investment education churches media diplomacy and strategic issues As significant as the movement of Americans to the Pacific is that of 150 000 Pacific Islanders

to the USA This important book documents the growing interaction with the USA to the pinnacle of involvement in World War II The importance of USA to the Pacific Islands remained high until the end of the 1980 s but has declined since then on almost every dimension While USA will remain significant for the Pacific Islands its relative profile will continue to decline
