2002 Sonata Guide:

The Sonata Thomas Schmidt-Beste, 2011-03-10 What is a sonata Literally translated it simply means instrumental piece It is the epitome of instrumental music and is certainly the oldest and most enduring form of pure and independent instrumental composition beginning around 1600 and lasting to the present day Schmidt Beste analyses key aspects of the genre including form scoring and its social context who composed played and listened to sonatas In giving a comprehensive overview of all forms of music which were called sonatas at some point in musical history this book is more about change than about consistency an ensemble sonata by Gabrieli appears to share little with a Beethoven sonata or a trio sonata by Corelli with one of Boulez's piano sonatas apart from the generic designation However common features do emerge and the look across the centuries never before addressed in a single volume survey opens up new and significant perspectives
