Beyond the Protest Square Tetyana Lokot,2021-03-17 This book examines how citizens use digital social media to engage in public discontent and offers a critical examination of the hybrid reality of protest where bodies spaces and technologies resonate It argues that the augmented reality of protest goes beyond the bodies the tents and the cobblestones in the protest square incorporating live streams different time zones encrypted conversations and simultaneous translation of protest updates into different languages Based on more than 60 interviews with protest participants and ethnographic analysis of online content in Ukraine and Russia it examines how citizens in countries with limited media freedom and corrupt authorities perceive the affordances of digital media for protest and how these enable or limit protest action The book provides a nuanced contribution to debates about the role of digital media in contentious politics and protest events both in Eastern Europe and beyond The Poster ,1922 **Old-Time Music and Dance** John Bealle,2005-08-31 In the summer of 1972 a group of young people in Bloomington Indiana began a weekly gathering with the purpose of reviving traditional American old time music and dance In time the group became a kind of accidental utopia a community bound by celebration and deliberately void of structure and authority In this joyful and engaging book John Bealle tells the lively history of the Bloomington Old Time Music and Dance Group how it was formed how it evolved its unique culture and how it grew to shape and influence new waves of traditional music and dance Broader questions about the folk revival movement social resistance counter culture authenticity and identity intersect this delightful history More than a story about the people who forged the group or an extraordinary convergence of talent and creativity Old Time Music and Dance follows the threads of American folk culture and the social experience generated by this living tradition of music and dance Early American Life ,1993
