**Oracle Card Companion** Victoria Maxwell,2023-01-11 This guide is easy to use with any oracle card deck as it focuses more on intuitive reading rather than meanings The book takes the reader on an in depth journey through all aspects of oracle card reading It starts with choosing and bonding with a deck before explaining how to develop intuition and decode the messages in the cards then takes a deeper dive with oracle spells healing and reading for others Throughout the book there are activities and practices the reader can do with their own cards making it an experiential book that is easy and fun to work with but still contains opportunities for deep work and spiritual and intuitive development Ultimately the aim is to empower the reader to do more with their oracle cards than just picking a card reading the message and never thinking about it again something we are all guilty of It's a book that can help the reader to go on a deeper journey with the cards develop their intuition and gain more confidence clearer guidance and a deeper trust not only in their ability

to read cards but also within themselves     **Messages from the Guides** James Van Praagh,2017     **The Enchanted Map Oracle Cards Guidebook** Colette Baron-Reid,2011 Imagine between the visible and the unseen is a guiding force that some call Spirit the Holy Will the Divine the Field or Consciousness Using this card deck by Colette Baron Reid will connect you to that larger Consciousness and guide you as you travel along on the journey of your life The themes of these 54 cards represent some of the places you ll visit the conditions you may encounter and the allies and challengers you ll meet as you navigate a metaphoric map of your life s journey The enclosed guidebook will help you ask the right questions and interpret the messages in your readings
