Koolish,1983 **Viking Gold** A. Jay Collins,2023-10-17 Using unscrupulous methods a pair of Danish rogues gain control of an ill equipped and cash poor mining company It owns an abandoned underground mine on the barren south coast of Newfoundland that still hosts quality gold but cannot convince the market to financially support rejuvenation The pair intend to strip out as much of the high grade gold remaining and ship it off shore for processing as they did on a similar project in Greenland A powerful Russian oligarch with murky motives

arranges a multi million dollar loan based on lies for the Danes to re activate the mine and build a processing plant they don't actually intend to build Instead the Russian and the Danes keep the loans for themselves as well as the revenue from the sale of the gold It's another billion dollar heist Just like their previous venture on the southern tip of Greenland they intend to mine as fast as possible leaving Newfoundland with nothing but a toxic mess Led by saboteur Matthew Black ORB the Organization for Restructuring Business has to stop the Russian and the Danes control their cash flow divert money back to the original lenders and put all three out of business Their tactics include sabotaging the mine their barges and their mega yachts As ORB goes to great lengths to sabotage the thieves the gold hangs in the balance Will ORB succeed in stopping the rogues Will the financier be left in the lurch again Or will ORB be able to put a stop to their nefarious plans once and for all

**The New Intelligence** Jessica Keyes,1990      **Handbook of Financial Data and Risk Information II** Margarita S. Brose,Mark D. Flood,Dilip Krishna,Bill Nichols,2014 Volume I examines the business and regulatory context that makes risk information so important A vast set of quantitative techniques internal risk measurement and governance processes and supervisory reporting rules have grown up over time all with important implications for modeling and managing risk information Without an understanding of the broader forces at work it is all too easy to get lost in the details Back cover

**The Handbook of Investment Technology** Joseph Rosen,1997 This guide provides a practical blueprint for making the most of today's equipment It explains all of today's information technologies including telecommunications groupware imaging and document processing artificial intelligence and object oriented      **Indian Financial Network (INFINET)**,2000      *Multinational Computer Nets* Richard Veith,1981 Interorganizations relations The transborder data flow debates Computers networks and banks A surveys of the largest banks The organization of interrelations      *Electronic Banking and the Law* Anu Arora,1993 Deals with the system of electronic funds transfers and the legal issues arising from such transfer
