Notes on Creativity

• Inspiration is everywhere, we just capture it with the stroke of a pen.

• We can find it by viewing things from a different vantage point, gaining a new perspective.

• Looking for the extraordinary in the everyday.

• Try to look closer at a bridge, see the world with a pair of glasses with that focus on detail. By just taking time to look around, noticing the small details, the little subtleties, it gives us the ability to bring it up at the opportunity. When the world is a system, then we can see it in a way no one else can, only then can we provide an idea out of the norm. By using this combination of the moment to find my focus.

• We can see the world in a different way.

• We know you don't like your boring time, so take action and bring it into your routine.

• We welcome you to our destination, creativity.
