Essay on Language, and Other Essays and Addresses Rowland Gibson Hazard, 1889 *Resonant Utterances* Joshua Elwer, 2025-12-01 The main question confronted in this book is why James Joyce's characters so often repeat the words of other characters. Joyce gives much attention and detail to how spoken discourse can influence the inner lives of his characters from the opening short story of *Dubliners* to the final page of his last work *Finnegans Wake*. As opposed to an intertextual reading that would look for other texts influencing Joyce's work, this book is marked by intratextual readings. Readings in which the repetition of utterances made by Joyce's characters are read together within his own works. Drawing from such notable figures as Mikhail Bakhtin and Gilles Deleuze for its theoretical foundations of transmission, *Resonant Utterances* offers a critical insight into how the discourse of many Joycean characters is dialogically sourced. Appreciating the relationship between Joyce's texts and everyday experience, this book likewise links the two and contextualizes its fictional findings with our own everyday experiences of using language. Where do our words come from? Why does it matter that our words are often borrowed from other speakers? *Resonant Utterances* offers both literary and philosophical answers.

Reading Theories in Contemporary Fiction Lisa McNally, 2013-06-27 Even after the upheavals wrought by Theory, literary criticism has generally ignored the act and experience of reading itself, proceeding as though something so fundamental to our experience of texts could be taken for granted. *Reading Theories in Contemporary Fiction* draws on deconstruction and the thought of Jacques Derrida to explore the ways in which contemporary fiction engages with reading: its power, the elusive nature of its experience, and the failures of understanding inherent in it. Along the way, the book proceeds through close readings of such authors as J. M. Coetzee, David Mitchell, Toni Morrison, and Philip Roth. "A"
