### **Transforming Schools Using Project-Based Learning, Performance Assessment, and Common Core**

**Standards** Bob Lenz, Justin Wells, Sally Kingston, 2015-01-27 It's not what students know but what they do with what they  
know that is important Schools are changing in response to this reality and in Transforming Schools Using Project Based  
Learning Performance Assessment and Common Core Standards Bob Lenz, Justin Wells and Sally Kingston draw on the  
example of the Envision Education schools as well as other leading schools around the country to show how the concept of  
deeper learning can meet the need for students who are both college and career ready and engaged in their own education  
In this book the authors explain how project based learning can blend with Common Core aligned performance assessment  
for deeper learning You'll discover how many schools have successfully made the transition from traditional teacher centered  
learning to project based deeper learning and find many practical ideas for implementation Companion DVD and website  
include videos showing how to implement deeper learning strategies in the classroom Evidence based descriptions show why  
deeper learning is right for students Performance assessment experts explain how to align assessments with Common Core  
by shifting the emphasis from knowing to doing Extensive game plan section provides step by step guidance for change  
Schools are complex organizations and transformation involves all of the stakeholders from students to superintendents But  
as this book shows there are amazing benefits to be realized when everyone commits to diving deeper into learning *The  
Formative 5* Francis (Skip) Fennell, Beth McCord Kobett, Jonathan A. Wray, 2016-12-15 This highly practical and readable  
book gets right down into the detail of what good formative assessment looks like in math classrooms and shows how  
teachers can make this a part of their regular planning and instruction Dylan Wiliam Emeritus Professor of Educational  
Assessment University College Imagine how it would feel to not worry about how to plan teach and check for student  
mathematical understandings and related proficiencies Imagine if this important process felt like a natural every day part of  
your lesson preparation instead of an extra thing to do This must have resource shows the way NCTM Past President Francis  
Skip Fennell and nationally recognized mathematics educators Beth McCord Kobett and Jonathan Jon Wray offer five of the  
most impactful proven assessment techniques Observations Interviews Show Me Hinge Questions and Exit Tasks you can  
implement every day Tried and tested by teachers just like you you'll find that this palette of classroom based techniques will  
truly assess learning and inform teaching Research and classroom practice indicates that formative assessment is poorly

understood This book gives you a concise research based classroom dedicated plan with lots of tools activities classroom vignettes and student work to guide your daily use of these techniques The Formative 5 Both within and between lessons K 8 teachers of mathematics will learn to Think and go beyond assessment of learning focusing on assessment for learning Directly connect assessment to planning and teaching Engineer effective classroom questioning discussions and learning tasks Provide success criteria and feedback that moves students forward Integrate the Standards for Mathematical Practice Activate student self assessors who take ownership of their learning Includes a book study guide tools and templates and a companion website with downloadables and multi media examples of student discussion in the classroom The Formative 5 will help you build your mathematics related formative assessment capacity through daily use of these five key techniques leading to regularly monitored and improved learning opportunities for your students Now Available The On Your Feet Guide to The Formative 5
