Kerry, 1998-06-01 *The New War* is a powerful warning that global crime is robbing us not only of our money but also of our way of life. As a result of his Senate investigations and access to law enforcement agencies Senator John Kerry has seen the dark world of dirty money violence and corruption up close. In this groundbreaking book he describes global crime organizations from Asia to South America Europe to Africa and shows why they have become one of the greatest threats to our national security. Kerry takes us inside major crime organizations that now operate on the global stage the Russian Mafya which includes much of the old Soviet KGB the Chinese triads whose tentacles reach into many American cities the Colombian drug cartels the Japanese yakuza and the Sicilian Mafia. Most important in *The New War* Kerry maintains that the aim of the global crime lords is to gain control of the very institutions that are the core of civil society the courts legislatures banks and media in their own countries as well as in the nations where they operate. And he demonstrates how an antiquated legal system is struggling to fight twenty-first century criminal enterprises. This is a hard-hitting and critical assessment of current government policies for dealing with international crime. Kerry reveals the failures of both diplomacy and nerve that have crippled leaders in Washington and other Western capitals as well as in Moscow and Beijing. He explains how law enforcement and judicial institutions must be reformed structurally to defeat vicious criminals. His recommendations are specific Shut down offshore banks that launder and shelter criminal profits regulate electronic money transfers expand the scope of extraterritorial jurisdiction for major crimes committed against a country's citizens overseas use the CIA and other
