## American Republic Chapter :

**John Witherspoon and the Founding of the American Republic** Jeffry H. Morrison, 2003-01-27 Jeffry H Morrison offers readers the first comprehensive look at the political thought and career of John Witherspoon a Scottish Presbyterian minister and one of America's most influential and overlooked founding fathers Witherspoon was an active member of the Continental Congress and was the only clergyman both to sign the Declaration of Independence and to ratify the federal Constitution During his tenure as president of the College of New Jersey at Princeton Witherspoon became a mentor to James Madison and influenced many leaders and thinkers of the founding period He was uniquely positioned at the crossroads of politics religion and education during the crucial first decades of the new republic Morrison locates Witherspoon in the context of early American political thought and charts the various influences on his thinking This impressive work of scholarship offers a broad treatment of Witherspoon's constitutionalism including his contributions to the mediating institutions of religion and education and to political institutions from the colonial through the early federal periods This book will be appreciated by anyone with an interest in American political history and thought and in the relation of religion to American politics American Politics James Albert Woodburn, 1916 *The World of the Revolutionary American Republic* Andrew Shankman, 2014-04-16 In its early years the American Republic was far from stable Conflict and violence including major land wars were defining features of the period from the Revolution to the outbreak of the Civil War as struggles over who would control land and labor were waged across the North American continent The World of the Revolutionary American Republic brings together original essays from an array of scholars to illuminate the issues that made this era so contested Drawing on the latest research the essays examine the conflicts that occurred both within the Republic and between the different peoples inhabiting the continent Covering issues including slavery westward expansion the impact of Revolutionary ideals and the economy this collection provides a diverse range of insights into the turbulent era in which the United States emerged as a nation With contributions from leading scholars in the field both American and international The World of the Revolutionary American Republic is an important resource for any scholar of early America *Courts and the Culture Wars* Bradley C. S. Watson, 2002-01-01 For much of the second half of the twentieth century America's courts state and federal have injected themselves into what many critics consider to be fundamentally moral or political disputes By constitutionalizing these disputes many feel that the courts have reduced the ability of Americans to engage in traditional political modes of settling differences over issues that excite particular passion While legal discourse is well suited to choosing decisive winners and losers political discourse is perhaps more conducive to reasonable compromise and accommodation In *Courts and the Culture Wars* Bradley C S Watson has brought together some of America's most distinguished names in constitutional theory and practice to consider the impact of judicial engagement in the moral religious and cultural realms including such issues as school prayer abortion gay rights and expressive speech

*Transatlantic Radicals and the Early American Republic* Michael Durey, 1997 In the transatlantic world of the late eighteenth century easterly winds blew radical thought to America Thomas Paine had already arrived on these shores in 1774 and made his mark as a radical pamphleteer during the Revolution In his wake followed more than 200 other radical exiles English Dissenters Whigs and Painites Scottish lads o parts and Irish patriots who became influential newspaper writers and editors and helped change the nature of political discourse in a young nation Michael Durey has written the first full scale analysis of these radicals evaluating the long term influence their ideas have had on American political thought *Transatlantic Radicals* uncovers the roots of their radicalism in the Old World and tells the story of how these men came to be exiled how they emigrated and how they participated in the politics of their adopted country Nearly all of these radicals looked to Paine as their spiritual leader and to Thomas Jefferson as their political champion They held egalitarian anti federalist values and promoted an extreme form of participatory democracy that found a niche in the radical wing of Jefferson s Republican Party Their divided views on slavery however reveal that democratic republicanism was unable to cope with the realities of that institution As political activists during the 1790s they proved crucial to Jefferson s 1800 presidential victory then after his views moderated and their influence waned many repatriated others drifted into anonymity and a few managed to find success in the New World Although many of these men are known to us through other histories their influence as a group has never before been so closely examined Durey persuasively demonstrates that the intellectual ferment in Britain did indeed have tremendous influence on American politics His account of that influence sheds considerable light on transatlantic political history and differences in religious political and economic freedoms Skillfully balancing a large cast of characters *Transatlantic Radicals* depicts the diversity of their experiences and shows how crucial these reluctant migr s were to shaping our republic in its formative years

*Washington and the American Republic* Benson John Lossing, 1870      *The American Catholic Quarterly Review ...* , 1882      *The Life and Times of Wendell Phillips* George Lowell Austin, 1888      **Division and Reunion, 1829-1889** Woodrow Wilson, 1899      **Revolutionary America, 1763-1815** Francis D. Cogliano, 2009-01-27 *Revolutionary America* explains the crucial events in the history of the United States between 1763 and 1815 when settlers of North America rebelled against British rule won their independence in a long and bloody struggle and created an enduring republic Now in its second edition *Revolutionary America* has been completely revised updating the strengths of the previous edition New features include New introduction for the second edition New chapter on Native Americans Revised and expanded bibliographic essay Updated historiography throughout the text Companion Website with study aids maps and documentary resources *Revolutionary America* also examines those who were excluded from the immediate benefits and rights secured by the creation of the new republic In particular author Francis D Cogliano describes the experiences of women Native Americans and African Americans each of whose experiences challenged the principle that all men are created equal which lay at the heart of the American Revolution Placing the political

revolution at the core of the story Revolutionary America presents a clear history of the War of Independence and lays a distinctive foundation for students and scholars of the Early Republic For additional information and classroom resources please visit the Revolutionary America companion website at [www.routledge.com/textbooks/revolutionaryamerica](http://www.routledge.com/textbooks/revolutionaryamerica)

*Division and Reunion, 1829-1909* Woodrow Wilson,1893      **Notes on the Isthmus of Panama & Darien, Also on the River St. Juan, Lakes of Nicaragua, &c., with Reference to a Railroad and Canal for Joining the Atlantic and Pacific Oceans** George Peacock,1879      **Unions and Politics** Victoria Charlotte Hattam,1987      **Global Capitalist Crisis and the Second Great Depression** Armando Navarro,2012 This book provides a comprehensive political economic and historical analysis of the events and circumstances from the 1920s to 2010 that impacted the rise of today's Global Capitalist Crises Global Economic Crises and the U S's Second Great Depression It argues that liberal capitalism is a failed political and economic system in dire need of systemic change into either social democracy or democratic socialism via the creation of a New Movement      *Division and Reunion* Woodrow Wilson,1906      **Constituting a People** James R. Zink,2010      **The Spirit of '76** ,1899      History of the American Civil War John William Draper,1871      **American Politics** James Albert Woodburn,1906      **American Railroads as Investments** Oss,1893
