## **American Realities Volume 2 8th Edition:**

**Catalogue** Boston Mass, Mass. state libr,1880

**The Social Construction of American Realism** Amy

Kaplan,1992-12-15 Kaplan redefines American realism as a genre more engaged with a society in flux than with one merely reflective of the status quo She reads realistic narrative as a symbolic act of imagining and controlling the social upheavals of early modern capitalism particularly class conflict and the development of mass culture Brilliant analyses of works by Howells Wharton and Dreiser illuminate the narrative process by which realism constructs a social world of conflict and change Kaplan offers some enthralling readings of major novels by Howells Wharton and Dreiser It is a book which should be read by anyone interested in the American novel Tony Tanner Modern Language Review Kaplan has made an important contribution to our understanding of American realism This is a book that deserves wide attention June Howard American Literature

*Colony and Empire* William G. Robbins,1994 Popular writers and historians alike have perpetuated the powerful myth of the rugged individualist single handedly transforming the American West In reality William Robbins counters it was the Guggenheims and Goulds the Harrimans and Hearsts and the Morgans and Mellons who masterminded what the West was to become Remove the romance he shows and a darker West emerges a colonial like region where industrial statesmen aided by eastern U S and European capital manipulated investments in pursuit of private gain while controlling wage earning cowboys and miners Robbins argues that understanding the impact of capitalism on the West from the fur trade era to the present is essential to understanding power influence and change in the region Showing how global capitalism had a more profound impact on the modern West than individual initiative he explores violence and racism along the Texas Mexican border colonial style company towns in Montana and the Northwest contrasting traditions astride the U S Canadian boundary pace setting agribusiness and exploitation of labor in California the growing power of metropolitan centers and dependence of rural areas and the emergence of a sizable federal influence To grasp the essence of the West s dramatic transformation Robbins contends you must look to the mainstays of material relations in the region the perpetually changing character of political and economic culture the inherent instability of resources and the larger constellations of capitalist decision making Consequently he shows shy Western success and failure prosperity and misfortune and expansion and decline were all inseparably linked to the evolution of capitalism at the local regional national and global levels In the tradition of Patricia Nelson Limerick s *Legacy of Conquest* Robbins s study challenges some of our most revered images of the West and invigorates the ongoing debates over its history and meaning for our nation *Freedom on My Mind, Volume*

2 Deborah Gray White,Mia Bay,Waldo E. Martin,2012-12-14 Award winning scholars and veteran teachers Deborah Gray White Mia Bay and Waldo E Martin Jr have collaborated to create a fresh innovative new African American history textbook that weaves together narrative and a wealth of carefully selected primary sources The narrative focuses on the diversity of black experience and culture and the impact of African Americans on the nation as a whole Every chapter contains two

themed sets of written documents and a visual source essay guiding students through the process of analyzing sources and offering the convenience and value of a two in one textbook and reader      **Paperbound Books in Print** ,1992
