**Grey Area** Scott Jacques,2019-05-01 Coffeeshops are the most famous example of Dutch tolerance But in fact these cannabis distributors are highly regulated Coffeeshops are permitted to break the law but not the rules On the premises there cannot be minors hard drugs or more than 500 grams Nor can a coffeeshop advertise cause nuisance or sell over five grams to a person in a day These rules are enforced by surprise police checks with violation punishable by closure In Grey Area Scott Jacques examines the regulations with a huge stash of data which he collected during two years of fieldwork in Amsterdam How do coffeeshop owners and staff obey the rules How are the rules broken Why so To what effect The stories and statistics show that order in the midst of smoke is key to Dutch drug policy vaporising the idea that prohibition is better than regulation Grey Area is a timely contribution in light of the blazing reform to cannabis policy worldwide Praise for Grey Area This book is original and highly topical Logical and well structured the discussion is firmly located in a large body of contemporary theory The writing style is conversational open and accessible The quality

amount and depth of the empirical work that Jacques has undertaken made me feel that I was there visiting the coffeeshops with him. Rarely have I seen something as careful and detailed as this work. Ronald V Clarke Rutgers University USA This book examines the intricacies of operating between law and rules in Amsterdam coffeeshops.
