Back cover **Mass Media and the Shaping of American Feminism, 1963-1975** Patricia Bradley, 2009-09-18 Beginning in 1963 with the publication of Betty Friedan's *The Feminine Mystique* and reaching a high pitch ten years later with the televised mega event of the Battle of the Sexes the tennis match between Billie Jean King and Bobby Riggs the mass media were intimately involved with both the distribution and the understanding of the feminist message This mass media promotion of the feminist profile however proved to be a double edged sword according to Patricia Bradley author of *Mass Media and the Shaping of American Feminism 1963-1975* Although millions of women learned about feminism by way of the mass media detrimental stereotypes emerged overnight Often the events mounted by feminists to catch the media eye crystalized the negative image All feminists soon came to be portrayed in the popular culture as bra burners and strident women Such depictions not only demeaned the achievements of their movement but also limited discussion of feminism to those subjects the media considered worthy primarily equal pay for equal work Bradley's book examines the media traditions that served to curtail understandings of feminism Journalists following the craft formulas of their trade equated feminism with the bizarre and the unusual Even women journalists could not overcome the rules of *What Makes News* By the time Billie Jean King confronted Bobby Riggs on the tennis court feminism had become a commodity to be shaped to attract audiences Finally in mass media's pursuit of the new counter feminist messages came to replace feminism on the news agenda and helped set in place the conservative revolution of the 1980s Bradley offers insight into how mass media constructs images and why such images have the kind of ongoing strength that discourages young women of today from calling themselves feminist The author also asks how public issues are to be raised when those who ask the questions are negatively defined before the issues can even be discussed *Mass Media and the Shaping of American Feminism 1963-1975* examines the media's role in creating the images of feminism that continue today And it poses the dilemma of a call for systematic change in a mass media industry that does not have a place for systematic change in its agenda
