Flying, 1997 *The Two Deaths of Daniel Hayes* Marcus Sakey, 2012-07-05 It starts with you waking on a Maine beach naked half drowned and very very cold Your name is Daniel Hayes At least you think it is That's the name on the insurance card you find in the BMW parked near you How did you get here And why All you remember is a woman's face So you set off to the only place you might find her But this raises the most chilling question of all what will you find when you get there From Lee Child Like any reader I love old favourites but I love new voices too and I especially love it when a new voice starts to become an old favourite It doesn't happen often but right now it's happening with Marcus Sakey He's got it all he writes like a dream he creates characters exactly like people you know he scares you and above all keeps you turning the pages But most of all he does the what if thing better than anyone in the business What if questions power a lot of plots but Sakey is special He doesn't just check a box or construct a neat twist for the sake of it Reading him between the lines I guarantee he lives this stuff he thinks it through and sweats it out probably for weeks at a time I can see him looking around at all the things he loves looking at his house turning and looking at his wife asking himself What if What if I had to put all this at risk Would I Could I How would it feel What would be the effect on me It's that kind of depth and intelligence and passion and emotion that sets Sakey apart These are not just clever plots These are real people with night sweats and wide eyes and everything to lose *The Two Deaths of Daniel Hayes* takes what if in a new direction and to new heights Every writer muses What if the reader isn't sure whether the husband killed his wife or not That's a basic whodunit But Sakey asks What if the husband isn't sure whether he killed his wife or not That's a terrific premise and it boosts an already terrific thriller plot into
